SPALDING'S ATHLETIC LIBRARY

Spalding's Athletic Library is admitted to be the leading library series of its kind published in the world. In fact, it has no imitators, let alone equals. It occupies a field that it has created for itself.

The Library was established in the year 1892, and it is an admitted fact by all authorities that Spalding's Athletic Library has been an important factor in the advancement of amateur sport in America.

The millions that read the Library during the year will attest to its value. A glance at its index will disclose the remarkable field that it covers. It is immaterial what the pastime may be, you will find in Spalding's Athletic Library a reference to it, either in a book devoted exclusively to that particular game or in some of the books that cover many sports.

It has been the aim of the editors to make the books *Official*, and they *are* recognized as such, all the important governing bodies in America granting to the publishers of Spalding's Athletic Library the right to publish their official books and official rules.

A glance at the names of the authors of the different volumes will convince the reader that the best men in each particular line, the men best qualified to write intelligently on each subject, are selected; and, as a result, there is not another series in the world like Spalding's Athletic Library series.

It is immaterial what new game or form of sport be conceived or advanced, it is invariably the aim of the publishers to have a book on that sport. In that way Spalding's Athletic Library is in the field at the beginning of the sport, follows it year in and year out, and there can be no doubt whatever that the present popularity of athletic sports can attribute the same to the "backing" it has received from Spalding's Athletic Library.

SPALDING ATHLETIC LIBRARY

Group I. Base Ball

No. 1—Spalding's Official Base Ball Guide.

The leading Base Ball annual of the country, and the official authority of the game. Edited by Henry Chadwick, the "Father of Base Ball." Contains the official playing rules, with an explanatory index of the rules compiled by Mr. A. G. Spalding; pictures of all the teams in the National, American and minor leagues; official averages; reviews of the season in all the professional organizations; college Base Ball, and a great deal of interesting information. Price 10 cents.

No. 202—How to Play Base Ball.

Edited by Tim Murane. New and revised edition. Illustrated with pictures showing how all the various curves and drops are thrown and portraits of leading players. Contents—art of pitching, catching department, infield of a ball team, playing the outfield, fine art of batting, art of base-running, squeeze play, delayed steal, art of throwing, use of signals, short talks on a variety of base ball topics, Spalding's simplified base ball rules, compiled especially for boys by A. G. Spalding. Price 10 cents.

No. 223—How to Bat.

The most important part of ball playing nowadays, outside of pitching, is batting. The team that can bat and has some good pitchers can win base ball games; therefore, every boy and young man who has, of course, already learned to catch, should turn his attention to this department of the game, and there is no better way of becoming proficient than by reading this book and then constantly practising the little tricks explained. Price 10 cts.

No. 232—How to Run the Bases.

The importance of base running as a scientific feature of the national game is becoming more and more recognized each year. Besides being spectacular, feats of base stealing nearly always figure in the winning of a game. Many a close contest is decided on the winning of that little strip of 90 feet which lies between cushions. When hits are few and the enemy's pitchers steady, it becomes incumbent on the opposing team to get around the bases in some manner. Effective stealing not only increases the effectiveness of the team by advancing its runners without wasting hits, but it serves to materially disconcert the enemy and frequently has caused an entire opposing club to temporarily lose its poise and throw away the game. This book gives clear and concise directions for excelling as a base runner; tells when to run and when not to do so; how and when to slide; team work on the bases; in fact, every point of the game is thoroughly explained. Illustrated with pictures of leading players. Price 10 cents.

No. 230—How to Pitch.

A new, up-to-date book. The object of this book is to aid the beginners who aspire to become clever twirlers, and its contents are the practical teaching of men who have reached the top as pitchers, and who know how to impart a knowledge of their art. All the big leagues' pitchers are shown. Price 10 cents.

No. 229—How to Catch.

Undoubtedly the best book on catching that has yet been published. Every boy who has hopes of being a clever catcher should read how well-known players cover their position. Among the more noted ones who describe their methods of play in this book are Lou Criger of the Boston Americans and Johnnie Kling of the Chicago Nationals. The numerous pictures comprise all the noted catchers in the big leagues. Price 10 cents.

SPALDING ATHLETIC LIBRARY

No. 225—How to Play First Base.

No other position in a ball team has shown such a change for the better in recent years as first base. Modifications in line with the betterment of the sport in every department have been made at intervals, but in no other department have they been so radical. No boy who plays the initial sack can afford to overlook the points and hints contained in this book. Entirely new and up to date. Illustrated with full-page pictures of all the prominent first basemen. Price 10 cents.

No. 226—How to Play Second Base.

There are so few men who can cover second base to perfection that their names can easily be called off by anyone who follows the game of base ball. Team owners who possess such players would not part with them for thousands of dollars. These men have been interviewed and their ideas incorporated in this book for the especial benefit of boys who want to know the fine points of play at this point of the diamond. Illustrated with full-page pictures. Price 10 cents.

No. 227—How to Play Third Base.

Third base is, in some respects, the most important of the infield. No major league team has ever won a pennant without a great third baseman. Collins of the Boston Americans and Leach of Pittsburgh are two of the greatest third basemen the game has ever seen, and their teams owe much of the credit for pennants they have won to them. These men in this book describe just how they play the position. Everything a player should know is clearly set forth and any boy will surely increase his chances of success by a careful reading of this book. Illustrated. Price 10 cents.

No. 228—How to Play Shortstop.

Shortstop is one of the hardest positions on the infield to fill, and quick thought and quick action are necessary for a player who expects to make good as a shortstop. The views of every well-known player who covers this position have been sought in compiling this book, illustrated. Price 10 cents.

No. 224—How to Play the Outfield.

Compiled especially for the young player who would become an expert. The best book on playing the outfield that has ever been published. There are just as many tricks to be learned, before a player can be a competent fielder, as there are in any other position on a nine, and this book explains them all. Price 10 cents.

No. 231—How to Coach; How to Manage a Team; How to Organize a League; Technical Terms of Base Ball.

Murman, President of the New England League, on how to organize a league. 1. An allied member may at any time be admitted by a two-thirds vote of the Board of Governors of this Union, upon such conditions, consistent with the provisions of this Constitution, as may be agreed upon between such proposed allied member and the Board of Governors.

2. An active member may at any time be admitted upon the following conditions: (a) That application in writing, in the form prescribed by the By-Laws of this Union, be made to the Secretary-Treasurer of the Union. (b) That such membership

shall be subject to suspension or forfeiture in the event of failure to comply with any requirements of this Constitution, or of any By-Law hereunder, or any decree or ruling of the Board of Governors; and it is expressly stipulated that any decree of suspension or forfeiture, when affirmed by two-thirds of the Board of Governors voting, shall be final and binding. (c) That it shall not make any amendment of its Constitution or By-Laws without first submitting the proposed amendment to the Board of Governors of this Union, and that any such amendment made without the vote of a majority of the Board of Governors shall be void. (d) That in the event of its club membership being reduced to less than four organizations, its membership in this Union shall cease, and this Union shall be entitled to allot its surviving clubs and territory to any other active member. (e) That in the event of any clubs making formal application to be admitted, as a separate association, to active membership in this Union, this Union shall be empowered, in its discretion, by a two-thirds vote of its Board of Governors voting, to admit the same as an active member, and to allot its territory. (f) That all games or athletic meetings given by such member, and the qualifications of all persons competing at such meetings, either as members of its clubs or as unattached athletes, shall be in conformity with the "Conditions of Competition" prescribed by this Constitution, and the By-Laws and Rules adopted and prescribed by the Board of Governors. 1. The acceptance of allied membership in this Union by any allied Association shall operate as an agreement binding upon this Union and such allied member that both will abide by the terms of the alliance until either party, upon such notice as agreed upon in the terms of alliance, shall voluntarily withdraw therefrom.

2. The acceptance of active membership in this Union shall bind such member to abide by all the conditions thereof as set forth in Section 2 of Article IV. of this Constitution, and also all other provisions of this Constitution and of the By-Laws and Rules of this Union; and to accept and enforce all decisions of the Board of Governors.

3. Any violation of the Constitution, By-Laws or Rules of this Union, or decisions of the Board of Governors, by any active member of this Union, shall render such member liable to suspension by the Board of Governors until the next annual or special meeting of this Union, and to expulsion by a two-thirds vote of all the active members voting at such meeting. In case of persistent defiance of directions of the Union, such active member may be expelled, and the territory thereof reorganized or divided between the other members of the Union, consistently with the Constitution.

ARTICLE VI.

All the representatives of one active member shall collectively have one vote.

3. The election of every delegate and alternate shall be duly certified by the principal executive officer of the active or allied member.

4. All members of the Board of Governors shall be elected from the duly certified delegates. No alternate shall be elected a member of the board.

5. Election of members of the Board of Governors shall occur at the annual meeting and by majority vote of representatives present and entitled to vote. The Board of Governors, upon the occurrence of a vacancy therein from any cause, may elect, by a majority vote of members voting, a new member of said Board, but only from the member's delegation in which the said vacancy shall have occurred. Such member so elected shall, if he continues eligible, serve until the next annual meeting thereafter.

6. Any allied or active member may at any time, on notice addressed to the Secretary-Treasurer of this Union by the chief executive officer of such member, withdraw any or all of its delegates, provided a like number of delegates be at the same time substituted for those withdrawn; and if any delegate so with-

drawn be at the time a member of the Board of Governors, the Board shall fill the vacancy as provided in Section 5 of this Article.

ARTICLE VII.

3. The Board of Governors, so elected, shall elect from their own number a President, four Vice-Presidents, a Secretary-Treasurer, each of whom shall serve for a term of one year or until his successor is chosen, and each of whom shall perform the duties prescribed by the By-Laws.

4. At the first meeting of the Board of Governors after each annual meeting of the Amateur Athletic Union, the President, with the advice and consent of the Board of Governors, shall appoint from among the membership of the active and allied members of the Union, five delegates-at-large, who shall have all rights and privileges of other members of the Board. Nor shall any person residing within the territory of any active member of this Union be eligible to compete for or to enter any competition as a member of any club in the territory of any other active member.

NOTE.—The following interpretation of Article X., Section 1, is given for the guidance of college athletes: A question having arisen in December, 1906, as to whether undergraduates competing in events open only to college students would thereby affect their right to represent the club in which they are registered, the Chairman of the National Registration Committee after consultation with the President and the Chairman of the Legislation Committee advised members of the National Registration Committee and of the various district registration committees that under construction of the rules to be found under heading "Summary of Tests which have been applied in the determination of questions of amateur standing" in the Official Athletic Rule Book, such competition would not affect the undergraduate's right to subsequently represent an athletic club, provided the event is open only to members of collegiate associations.

his Union, unless he shall have been elected to membership in such club prior to April 1, 1891. An undergraduate may, for purposes of registration and competition, consider either his home or his college as his residence; but, at the time of registration, he must elect to represent either his club or his college, and cannot change such election during the registration year.

2. No one shall be eligible to compete in any athletic meeting, games or entertainment given or sanctioned by this Union, unless he shall be a duly registered athlete, a member of the organization from which he enters, and shall not have competed from any other club in this Union during a period of three months next preceding such entry; nor shall any member of any club in this Union, or any club in any district in this Union be allowed to compete as a representative of such club in case he has within one year competed as a member of any other club when in this Union, except with the consent of such other club, which consent shall be filed with the Registration Committee of his district prior to such competition unless such other club shall have disbanded or practically ceased to exist; provided that the requirements of this section shall not apply to any athletic meeting, games, or entertainment, the entries for which are confined to the club or organization giving such meeting or entertainment.

No athlete who has been released from a club which is a member of this Union, and who competes for another club directly hereafter, shall be allowed to compete again for the club he was released from for one year from the date of his release, except that the club has disbanded or ceased to exist.

No person shall be eligible to compete for or enter any competition as a member of any club in the territory of any active member of this Union unless he shall have resided within the territory of said active member at least four months previous to entering for competition; nor shall any person be eligible to enter or compete in any district championship meeting unless he shall have been a *bona fide* resident of such district for at least six months prior to the holding of such championship meeting. These restrictions shall not apply to an undergraduate when competing for any college belonging to an allied body.

No person shall be eligible to compete in a championship meeting of more than one district in one year.

3. No prizes shall be given by any individual, club, committee or association, or competed for or accepted by any athlete, except suitably inscribed wreaths, diplomas, banners, badges, medals, timepieces and mantel ornaments, or articles of jewelry, silverware, table or toilet service, unless authorized by the Registra-

tion Committee, and said prizes shall not exceed the cost of \$35 for first, \$20 for second, and \$10 for third prize, unless by special permission challenge trophies or other similar prizes are authorized by the Registration Committee and a record kept of such authorization. Suitable team and individual prizes may be awarded for team competitions in a single specialty.

No more than three prizes in all shall be given in any event or competition, except in running or walking races of five miles or over, and in swimming races of one mile or over (counting a team prize, allowed as above, as one prize), unless by special authority of the Registration Committee.

4. The prohibitions of this article shall not apply to tokens or prizes (other than money), composed in whole or in part of metal, and bearing inscriptions denoting the event or contest, in any case where such tokens or prizes shall have been given or sanctioned by this Union, or any of its members, or prior to the formation of this Union, by any recognized amateur organization; provided, that if any person shall, at any time after April 1, 1891, sell, pledge or exchange for any other thing, any such token or prize, he shall thereafter be ineligible, and he shall likewise be ineligible if at the time of the competition or entry therefor he be disqualified or under suspension by this Union, or any of its members, or any organization allied with or approved by it.

5. Persons not debarred by any of the foregoing provisions of this Article, or who, having become ineligible by violation thereof, or of any heretofore recognized rule of amateur standing, have been duly reinstated, and shall, in other and all respects, conform to the rules and regulations of this Union and its members, will be deemed by this Union and by its members amateurs.

6. The term "any athletic exercise," as used in the first section of this Article, shall be held to include such sports or exercises, athletic in form or substance, as the Board of Governors may determine.

ARTICLE XI.

REGISTRATION OF ATHLETES.

1. In no meeting, game or entertainment that has been sanctioned as an open athletic meeting shall an athlete's entry be accepted unless he shall have received a numbered certificate of registration, stating that he is an amateur and eligible to compete in amateur sports. The provisions of this paragraph do not apply to events that are "closed," that is, open only to members of the club giving the said games.

2. All clubs giving open games or competitions under Amateur Athletic Union rules and sanction must state on their announcements and entry blanks that no entries to open events can be accepted except from registered athletes.

3. Each athlete applying for registration and receiving same shall be assigned a number, which number shall be plainly written on his registration certificate. Managers of all open athletic meetings must leave a space on their entry blanks for recording the name and number of each registered athlete who enters.

4. An allied member may provide its own system of registration, not in conflict with the Constitution, By-Laws and Rules of the Amateur Athletic Union, as to amateur status, and available only to those actively affiliated with such allied member, and may impose such fee for registration as it may see fit.

5. The President of each active member shall be empowered to appoint athletic commissioners who shall have allotted to them territory within the territory of said active member and whose duties shall be such as is defined to them by the President and by the members of the Registration Committee and who will act as representatives of the Registration Committee, with power to grant temporary cards of registration and to grant sanctions and to disqualify athletes, and in the case of disqualifications, to investigate and try the suspected athlete and report such findings to the Chairman of the Registration Committee of such Association for final action.

6. Every active member of this Union shall elect a Registration Committee, to which shall be referred all matters within its territory pertaining to competition of amateur athletes on track or field and to the registration of athletes.

7. Such Committees shall receive, examine and decide upon all applications for registration and shall have the power to grant or withhold sanction for athletic meetings and to impose penalties upon promoters of athletic meetings and upon athletes who compete or exhibit at the same without sanction of the Committee, and shall have the right of censorship on the character of prizes offered at athletic meetings and may withhold or withdraw the sanction, providing its decision in excluding any prize is not complied with.

8. Such Committee shall have the right in considering and determining questions that affect the amateur status of any athlete to act upon any kind of evidence, circumstantial or direct, and *may receive and act upon affidavits and in its discretion may consider common report sufficient basis for suspension or disqualification* and shall have power to permanently suspend any amateur athlete who neglects or refuses within thirty days to

answer questions touching his amateur status to the satisfaction of the committee.

9. Such Committees can require an itemized statement of expenses, with receipts and vouchers, from any registered athlete or from any organization holding an athletic meeting under A.A.U. rules.

10. It shall be the duty of the Registration Committee to make or have made, inquiry regarding any athlete whose amateur status is questioned, and all charges shall be entered with the Chairman of the Committee, who shall provide for an investigation by a member or members of the Committee. Pending investigation, the athlete against whom charges are brought may be suspended. Suspicious circumstances, which are, in the judgment of any member of the Committee, sufficient to make the status of any athlete a matter of reasonable doubt, shall be the basis of investigation in the absence of formal charges. The member or members to whom the investigation is assigned shall immediately communicate with the party under suspicion, either in person or by registered letter, lay all charges before him or set forth the circumstances which lead to a reasonable doubt and call for an answer to the charges or a satisfactory explanation of the circumstances which gave rise to the doubt. If the athlete cannot satisfactorily prove his innocence, the Committee may inflict such punishment as is in their judgment fitting.

11. Any person who shall refuse to testify before any Registration Committee, or to answer any question which such Committee shall rule to be proper, shall be liable to suspension or such discipline as the Committee may determine until he has purged himself of such failure or refusal.

12. It shall be within the province of the Registration Committee to suspend from competition for such a time as it may deem proper any person guilty of unfair dealing in connection with athletic competition or for violation of the rules of the Amateur Athletic Union.

13. The following, among other things, shall be considered as unfair dealing and ungentlemanly conduct.

Suppression of true figures from the handicapper; the use of obscene or profane language on the track or field, or any other act which tends to disturb or obstruct a competition.

14. The decision of the Committee shall be final in all cases, subject only to appeal to the Board of Managers of the Association and then to the Board of Governors of the A.A.U.

15. All applications for registration must be signed by the applicant and be accompanied by a fee of 25 cents and endorsed by the Secretary or other proper official of the club of which

said applicant is a member and approved by a member of the Registration Committee within whose jurisdiction said club is located. Should the applicant for registration not be a member of an athletic club, he must procure the endorsement of three reputable citizens of the locality in which he resides and the approval of a member of the Registration Committee within whose jurisdiction he resides.

16. Every athlete, when he registers, shall state his residence and what club he wishes to represent, and he shall neither be allowed to change the club nor compete unattached during the term of his registration in the A.A.U. or an allied body without the consent of the Registration Committee of the district in which he resides. And when any registered athlete changes his residence from one district to another, he shall notify the Registration Committee of the district wherein he is registered, and such Registration Committee shall issue a transfer to the district in which such athlete intends to reside.

17. All registrations shall be in force for one year from date of registration. An athlete who has been registered shall retain his number and shall not be required to fill out a new application, provided he applies for renewal prior to the expiration of his registration.

18. Every athlete, when competing in handicap events outside of the territory of the Association from which he is registered, shall forward with his entry a certificate from the handicapper of his own Association showing his last three performances. It shall be the duty of such handicapper to furnish such certificate on request of a registered athlete.

19. It shall be the duty of each Registration Committee and of each allied member to furnish to the Secretary-Treasurer of the A.A.U. every week a list of all registered numbers, names and addresses, and duplicate lists shall be forwarded to the official handicappers.

20. There shall be paid to the Secretary-Treasurer of the A.A.U. by each active and allied member the sum of ten cents for each certificate of registration that shall be issued by it.

21. The Registration Committee shall collect from applicants (in advance), except A.A.U. members, \$10 each for granting sanctions for open athletic fixtures, etc., and \$2 each for granting sanctions for basket ball games, said sanctions to cover all games played within one year. One-half of the sanction fees shall be turned over by the Registration Committee to the Secretary-Treasurer of the A.A.U. and one-half to the Secretary-Treasurer of the Association in whose territory the sanctioned events are held.

22. The Committee in charge of open athletic meetings must display the registration number of each competitor in a conspicuous manner before his name on the programme.

ARTICLE XII.

DUES AND EXPENSES.

1. Allied members shall be exempt from the payment of dues.

2. Each active member shall annually pay to the Secretary-Treasurer, on or before the annual meeting, as annual dues for the ensuing year, a sum equal to \$2.50 for each club member of such active member; provided, that every applicant for active membership shall remit with its application to the Secretary-Treasurer the amount of its annual dues, and shall not again be liable for the payment of dues until the year following the next ensuing annual meeting.

3. A failure to pay such dues within the time prescribed shall operate to forfeit the right to a representation of and a vote by the delinquent member at any meeting of the Union, and a continued indebtedness for dues or other charges for a period of two months shall operate as a loss of membership by the delinquent member.

4. The receipts from dues and from all other sources shall be devoted to defraying the expenses of national championship meetings and other necessary expenses of the Union.

ARTICLE XIII.

(c) The Board may, upon such charges and answers, dismiss such case; but if not, shall refer the same to the Committee on Reinstatement, which Committee shall, upon not less than ten days' notice to both parties, appoint a time and place when evidence will be taken upon such charges, and shall have discretion to adjourn such hearing from time to time, as may seem just and proper.

(d) Within ten days after the closing of the evidence, such committee shall make and file its report with the Secretary of the Union, which report shall be submitted to the Board of Governors at its next meeting, at which due notice of the intended submission of such report can be given, unless a mail vote shall be taken upon the acceptance of the report, as hereinbefore provided, in which case a copy of the report and the evidence shall be mailed to each member of the Board of Governors, except the Trial Committee. In case no decision has been reached by the Board within ninety days after the charge was first filed by the complainant, the person accused shall be deemed to have been acquitted, and said charge shall stand as dismissed, as though formal action had been taken to that effect by a vote of the Board.

(e) Should the person charged fail to appear and defend, he shall be considered as having admitted the truth of the charges, and in case of such default, or his conviction, he shall suffer the penalty fixed by the Board of Governors under the Constitution of this organization.

(f) Should the accused be found innocent, he shall at once be so declared and the fact made public by the Board of Governors in such manner as it may determine. And in that case the expenses of such trial, or so much thereof as shall be determined by the Board of Governors, shall be paid by the complainant.

2. Appellate jurisdiction.

(a) In cases of appellate jurisdiction, all papers and documents, and the facts in writing upon which the decision appealed from was made, together with a copy of such decision shall, on the request of the appellant and at his expense, be prepared and certified by the original trial tribunal and submitted to the Board of Governors.

(b) The Board shall thereupon, upon not less than ten days' notice to the appellant and respondent, hear argument itself, or by its committee, upon the question or matter involved, and may call for other or further evidence or witnesses, but such evidence or witnesses must be produced within a period to be fixed by the Board or its committee, which shall not be more than thirty days from the date of such first hearing.

(c) The final decision of the committee (if the trial be before a committee) shall be filed with the Secretary of the Union within fifteen days after the final hearing, and, in any case, the decision of the Board of Governors shall be rendered within thirty days after such final hearing, the vote being taken by mail, or at a special meeting, as shall be proper.

(d) In case either the appellant or respondent fails to appear at the first hearing, the appeal shall go against him by default, unless both should fail to appear, in which case the appeal shall stand dismissed. The Board of Governors may adjust that the expenses of the appeal, or so much thereof as shall seem to them proper, shall be paid by the unsuccessful party. The decision upon such appeal shall be at once transmitted by the Secretary to every member of the Union, and shall be otherwise made public in such manner as the Board of Governors shall determine.

3. Refusal to testify.

Any person who shall refuse to testify before the Board or its committee, or to answer any question which the Board or its committee shall rule to be proper, or to declare in writing his belief as to the amateur standing of any individual upon trial by the Union in the exercise of either its original or appellate jurisdiction, or any party who upon appeal shall fail to pay the expenses adjudged against him, shall be liable to suspension from competition until he has purged himself of such failure or refusal.

IX.

AMENDMENTS.

These By-Laws may be amended at any meeting of the Board, or by mail or telegraph vote, by a majority of the members voting, provided that at least twenty days' notice shall have been given to every member of the Board of the proposed amendment.

GENERAL RULES

RULE I.

Any amateur athlete, not a resident of the United States, desiring to compete in any athletic competition under the rules of the Amateur Athletic Union, must apply to the National Registration Committee of the Amateur Athletic Union of the United States for registration. He must submit to said Committee, through the Secretary of the Amateur Athletic Union, a certificate from the governing body of the country wherein he resides that he is an amateur, eligible to compete in any amateur competition.

RULE II.

Any amateur athlete, a resident of the United States, desiring to compete in amateur competitions in any other country, must, before such competition, secure from the National Registration Committee of the Amateur Athletic Union of the United States a permit on petition of the club of which he is a member and of the District Association wherein such club is located, that will authorize him to compete as an amateur in any other country.

RULE III.

Any club, a member of any Association of the Amateur Athletic Union of the United States, which sanctions the competition of any member, or any team, under its club name or its club emblem, in unregistered sport or professional contest, or which persists in playing disqualified athletes, or which permits professionals to compete under its auspices in any competition in a sport over which the Amateur Athletic Union assumes jurisdiction, where such competition is announced as a competition between amateurs, shall be liable to forfeit its membership in such Association.

RULE IV.

SUSPENSION OR DISQUALIFICATION OF INDIVIDUALS.

Any person competing or exhibiting at open sports, or any athletic entertainment that is not given under its sanction of the Amateur Athletic Union or of one of its allied members, shall thereby disqualify himself from competing at any sports given under sanction of the Amateur Athletic Union.

The Registration Committee of the Association in whose territory the offence was committed shall have the power to reinstate anyone so disqualified, if it shall think fit.

Athletic meetings promoted by companies, incorporated bodies, individuals or associations of individuals, as private speculations or in conjunction with a benefit, social or picnic entertainment, are not, unless with the sanction of the Registration Committee of the Association in whose territory such meetings are to take place, recognized by the Amateur Athletic Union, and any athlete competing at an unrecognized meeting shall thereby suspend himself from all games held under Amateur Athletic Union Rules.

No person shall be allowed to compete at any meeting held under Amateur Athletic Union Rules while disqualified or under a sentence of suspension of this Union, or any of its active or allied members.

Any person knowingly competing against one who is disqualified or under sentence of suspension by this Union, or any of its active or allied members, shall be held to have suspended himself until the expiration of such sentence, or for such period as the Registration Committee of the Association in whose territory the offence was committed may deem proper.

No person who, at any time since the organization of the A.A.U., has knowingly become a professional, shall be reinstated as an amateur.

No application for reinstatement to full amateur status shall be entertained unless the applicant shall have abstained from all professional conduct for two years, and can be acted upon only at a meeting of the Amateur Athletic Union or of the Board of Governors. A two-thirds vote shall be necessary for reinstatement.

Any person receiving compensation for services performed in any capacity in connection with athletic games, or in an athletic club, will be ineligible to represent such club in games under the rules of the Amateur Athletic Union until he shall have permanently abandoned such employment.

Any member of any club of either of the Associations of the Amateur Athletic Union who shall have been expelled from said club for unpaid indebtedness shall not be eligible to compete in any games given by any Association of the Amateur Athletic Union, or by any club of any Association of the Amateur Athletic Union, until such indebtedness is liquidated.

In all cases where an athlete receives money to cover traveling expenses, whether from his own club or any other organization, he shall immediately, upon his return home, send to the Chairman of the Registration Committee of his own district a signed statement showing the amount received and an itemized account of his expenses. When any money is paid to an athlete for

traveling expenses, the organization or committee making such payment shall be required to take receipt therefor and forward the same immediately to the Chairman of the Registration Committee of the Association in which said athlete is registered. Any athlete failing to promptly forward the statement, as required above, shall be liable to suspension; and any organization failing to secure and forward the receipt, as above provided, shall be liable to suspension or refusal of sanction, as the case may be.

RULE V.

OFFICIAL HANDICAPPERS.

It shall be the duty of the official handicappers to keep books containing the names and performances of all registered athletes in their districts and to handicap all handicap games or events. These books shall be the property of the respective Associations of the Amateur Athletic Union. The official handicappers shall check the entries of all novices without charge, being sure that they are registered.

They shall receive and handicap all entries furnished them by the proper parties up to the time they return their lists, but no entry shall be handicapped on the day of the games.

The committee in charge of all open handicap games or events, given under the rules of the Amateur Athletic Union, must employ the official handicapper, and pay him the following rates:

Ten cents for each separate entry, but no meeting shall be handicapped for less than \$5.

The total number of entries in all handicap events added together shall determine the number of entries, each name in each event counting separately.

All fees for handicapping must be paid to the handicapper before he delivers the handicaps.

When for any reason the official handicapper shall fail to handicap any set of games, the entries shall be sent to the local member of the Registration Committee, who shall see that they are properly handicapped and returned.

RULE VI.

CHAMPIONSHIP EVENTS.

The annual track and field championships of the Amateur Athletic Union shall consist of a senior class and junior class. The senior class shall be open to all registered amateur athletes and the junior class shall be open to all registered amateur athletes who have not won a first prize at any Amateur Athletic Union

track and field championship meeting, a Canadian championship meeting, a cross-country championship, intercollegiate championship or the championship of any foreign country. The winner of any event in the junior championship shall be ineligible for further competition in the junior class. Nothing shall prevent an athlete entering in both senior and junior championships and competing in both classes the same day, providing he has not previously won a senior championship.

The Annual Swimming Championships of the Amateur Athletic Union shall consist of a Senior Class and Junior Class. The Senior Class shall be open to all registered amateur athletes and the Junior Class shall be open to all registered amateur athletes who have not won a first, second or third place in the class of events as hereinafter defined at any Senior or Intermediate Swimming Championship of the Amateur Athletic Union or of any foreign country.

For the purpose of defining eligibility to the Junior Class, aquatic events shall be divided into five classes, as follows:

8. At least forty days before the holding of a Championship Meeting the Chairman of the Championship Committee shall mail to the Secretary of each Association of the A.A.U. and its allied

members an official announcement of same, stating the date, hour and place of holding the meeting. The entries for all Amateur Athletic Union Championships shall close with the Chairman of the Championship Committee 21 days before the holding of the Championship Meeting. Within three days after the closing of the entries a copy of the entire entry list shall be mailed to the Secretary or to the official representative of each club that has entered athletes for said meeting.

9. Protests affecting the right of any athlete to compete in an Amateur Athletic Union Championship Meeting must be made to the Chairman of the Committee one week before the Championship Meeting is held, and in case of protests the Championship Committee shall hold a meeting the night preceding the championships and if possible pass upon the athlete's right to compete. The Committee shall have absolute power to reject any entry and the Committee shall also have power to allow an athlete to compete under protest pending trial of the Registration Committee of the Association that is affected.

10. The Championship Committee of the Amateur Athletic Union of the United States shall appoint the officials and manage the said Championship Meeting.

RULE VII.

RECORDS.

No record shall be accepted unless timed by at least three official timekeepers, or measured by at least three field judges.

The Record Committee shall investigate every performance to which their attention is called, and shall be empowered, in their discretion, to reject any record which shall not be supported by the affidavits of at least six witnesses, including the officials, certifying as to the place, time of day, state of weather, condition of path or field, force and direction of wind, level or grade of grounds, weight, measurement and material of implement, and correctness of announced time or distance.

No record shall be accepted unless made in open competition.

RULE VIII.

ELIGIBILITY TO LIMITED EVENTS.

The eligibility to compete in events that are limited to men who have never accomplished a certain time, distance or height in a given event, shall be determined by the competitor's record when the entries for such event closed.

In all competition in which men classify by weight, contestants must weigh in for both trials and finals, within three hours of the beginning of each competition.

RULE IX.

DEFINITION OF A NOVICE.

An athlete shall be held to be a novice in each of the classes specified in Article IX. of the Constitution until he shall have won a prize in a competition in that class, open to the members of two or more clubs.

The winning of such a prize shall prevent his future competition as a novice in that class, although his entry may have been made before he lost his standing as a novice.

RULE X.

ENTRIES.

All entries for competition held under Amateur Athletic Union Rules must be made on the entry forms adopted by the Amateur Athletic Union.

An athlete who fails to compete after entering an event in a *bona fide* way, and according to the rules, shall be required to furnish a satisfactory excuse for so doing or render himself liable to censure or suspension by the local registration committee.

RULE XI.

PROFESSIONAL CONTESTS FORBIDDEN.

No professional contest or exhibition shall be allowed at any games, meetings or entertainments held under the auspices of the Amateur Athletic Union, except that regularly employed instructors may take part with their pupils in entertainments, provided that such instructors shall not participate in any competition. This rule shall not apply to bicycling events given under the sanction of the National Cycling Association.

RULE XII.

REPORT OF GAMES.

The Official Scorers and Measurers at all games given under the rules of the Amateur Athletic Union shall be required to deliver to the Official Handicapper and to the Chairman of the Registration Committee of the Association in whose territory the games are held, within twenty-four hours after the close of the games, the official scores of all contests at such meeting. The clerk of the course at such meeting shall also be required to

deliver in the same manner a complete list of all starters in each event. Any club that shall fail to file the necessary report of games shall be refused further sanctions until such report be filed.

RULE XIII.

ATHLETES' ATTIRE.

It shall be the duty of the clerk of the course to see that each and every contestant is properly attired; and under no circumstances shall athletes be allowed to dress or undress in the inner circle.

A Games Committee,
One Referee,
Two or more Inspectors,
Three Judges at Finish,
Three or more Field Judges,
Three or more Timekeepers,
One Judge of Walking,
One Starter,
One Clerk of the Course,
One Scorer,
One Marshal.

SEC. 2. If deemed necessary, assistants may be provided for the Judge of Walking, the Clerk of the Course, the Scorer, and the Marshal, and an Official Announcer may be appointed.

RULE II.

THE GAMES COMMITTEE

in all national championship meetings shall be appointed by the Championship Committee.

The Games Committee at any club meeting shall be composed of members of the club holding the meeting.

This Committee shall have jurisdiction of all matters not assigned by these rules to the Referee or other games officials. (See also Rule XV.)

RULE III.

THE REFEREE

shall decide all questions relating to the actual conduct of the

meeting, whose final settlement is not otherwise covered by these rules.

He alone shall have the power to change the order of events as laid down in the official programme, and to add to or to alter the announced arrangement of heats in any event. A referee has no authority, after heats have been duly drawn and published in a programme, to transfer a contestant from one heat to another.

When in any but the final heat of a race, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When, in a final heat, a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If, during any athletic contest under the rules of the Amateur Athletic Union, a competitor shall conduct himself in a manner unbecoming a gentleman, or offensive to the officials, spectators or competitors, the referee shall have the power to disqualify him from further competition at the meeting; and if he thinks the offense worthy of additional punishment shall promptly make a detailed statement of the facts to the Registration Committee in whose territory the offense was committed.

RULE IV.

THE INSPECTORS.

It shall be the duty of an Inspector to stand at such point as the Referee may designate; to watch the competition closely, and in case of a claim of foul to report to the Referee what he saw of the incident.

Such Inspectors are merely assistants to the Referee, to whom they shall report, and have no power to make any decisions.

RULE V.

THE JUDGES AT FINISH

shall determine the order of finishing of contestants and shall arrange among themselves as to noting the winner, second, third, fourth, etc., as the case may require.

Their decision in this respect shall be without appeal, and in case of disagreement a majority shall govern.

RULE VI.

THE FIELD JUDGES

shall make an accurate measurement, and keep a tally of all competitors in the high and broad jumps, the pole vault, the weight competitions and the tug of war.

They shall act as judges of these events, and their decisions, as to facts, shall likewise be without appeal. In case of disagreement a majority shall govern.

RULE VII.

THE TIMEKEEPERS

shall be three in number. They shall individually time all events where time record is required, and determine among themselves and announce the official time of each heat or race.

Should two of the three watches mark the same time and the third disagree, the time marked by the two watches shall be accepted. Should all three disagree, the time marked by the intermediate watch shall be accepted.

The flash of the pistol shall denote the actual time of starting.

If, for any reason, only two watches record the time of an event, and they fail to agree, the longest time of the two shall be accepted.

NOTE.—For record, however, three watches must be held on an event. See Rule IV., General Rules of the Amateur Athletic Union.

RULE VIII.

THE STARTER

shall have sole jurisdiction over the competitors after the Clerk of the Course has promptly placed them in their positions for the start.

The method of starting shall be by pistol report, except that in time handicap races the word "go" shall be used.

An actual start shall not be effected until the pistol has been purposely discharged after the competitors have been warned to get ready. In case the pistol was not purposely discharged the competitors shall be called back by the starter by pistol fire. (NOTE.—The starter must have at least two good cartridges in his pistol before starting a heat.)

When any part of the person of a competitor shall touch the ground in front of his mark before the starting signal is given, is shall be considered a false start.

Penalties for false starting shall be inflicted by the Starter, as follows:

In all races up to and including 125 yards the competitor shall be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, three yards for the first and three more for the second attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the second attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first and ten more for the second attempt. In all cases the third false start shall disqualify the offender from that event.

The starter shall also rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official programme after the starter has given the warning to "get ready."

RULE IX.

THE CLERK OF THE COURSE

shall be provided with the names and the numbers of all entered competitors, and he shall notify them to appear at the starting line before the start in each event in which they are entered.

In case of handicap events from marks, he shall place each competitor behind his proper mark; shall immediately notify the Starter should any competitor attempt to advance himself after the Starter has warned them to "get ready"; and in time allowance handicaps shall furnish the Starter with the number and time allowance of each actual competitor. He shall control his assistants, and assign to them such duties as he may deem proper.

RULE X.

THE JUDGE OF WALKING

shall have sole power to determine the fairness or unfairness of walking, and his rulings thereon shall be final and without appeal. He shall caution any competitor whenever walking unfairly, the third caution to disqualify, except that he shall immediately disqualify any competitor when walking unfairly during the last 220 yards of a race. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE XI.

THE SCORER

shall record the order in which each competitor finishes his event, together with the time furnished him by the Timekeepers. He shall keep a tally of the laps made by each competitor in races covering more than one lap, and shall announce by means of a bell, or otherwise, when the leading man enters the last lap. He shall control his assistants, and assign to them such of his duties as he may deem proper.

RULE XII.

THE MARSHAL

shall have full police charge of the enclosure, and shall prevent any but officials and actual competitors from entering or remaining therein. He shall control his assistants, and assign to them their duties.

RULE XIII.

THE OFFICIAL ANNOUNCER

shall receive from the Scorer and Field Judges the result of each event, and announce the same by voice, or by means of a bulletin board.

RULE XIV.

Trainers and handlers shall not be allowed within the center field or inner circle, or on the track immediately prior to or during competitions at championship meetings, except in distance races exceeding one mile; this rule does not include the A.A.U. all round championship.

RULE XV.

COMPETITORS

shall report to the Clerk of the Course immediately upon their arrival at the place of meeting, and shall be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they shall not be allowed to start.

Each competitor shall inform himself of the time of starting, and shall be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

Under no condition shall any attendants be allowed to accompany competitors at the start or during any competition, except in match races, where special agreement may be made.

RULE XVI.

PROTESTS

against any entered competitor may be made verbally or in writing to the Games Committee or any member thereof before the meeting, or to the Referee during the meeting. If possible, the Committee or Referee shall decide such protests at once. If the nature of the protest or the necessity of obtaining testimony prevents an immediate decision, the competitor shall be allowed to compete under protest, and the protest shall be decided by the Games Committee within one week, unless its subject be the amateur standing of the competitor, in which case the Games Committee must report such protest within forty-eight hours to the member of the Registration Committee in whose territory the games are being held.

RULE XVII.

TRACK MEASUREMENT.

All distances run or walked shall be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straightaway tracks the distance shall be measured in a direct line from the starting mark to the finishing line.

RULE XVIII.

THE COURSE.

Each competitor shall keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns he shall not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must keep a straight course to the finish line, and not cross, either to the outside or the inside, in front of any of his opponents.

In all championship races of the Amateur Athletic Union, or any of its Associations, at any distance under and including 300 yards, each competitor shall have a separate course, properly roped, staked and measured, whether the race be run on a straight path or around one or more curves.

The Referee shall disqualify from that event any competitor who wilfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The Referee shall disqualify from further participation in the games any contestant competing to lose, to coach, or to in any

way impede the chances of another competitor either in a trial or final contest.

RULE XIX.

THE FINISH.

The finish of the course shall be represented by a line between two finishing posts, drawn across and at right angles to the sides of the track, and four feet above which line shall be placed a tape attached at either end to the finishing posts. A finish shall be counted when any part of the winner's body, except his hands or arms, shall reach the finish line. The order of finishing for second and third places, and so on, shall be decided in the same manner.

RULE XX.

HURDLES.

Different heights, distances and number of hurdles may be selected for hurdle races.

In the 120 yards hurdle race, ten hurdles shall be used; each hurdle to be three feet six inches high. They shall be placed ten yards apart, with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line. In the 220 yards hurdle race ten hurdles shall be used, each hurdle to be two feet six inches high. They shall be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In hurdle races of other distances, and with different numbers of hurdles, the hurdles shall be placed at equal intervals, with the same space between the first hurdle and the starting point, and the last hurdle and the finishing line as between each of the hurdles.

In making a record it shall be necessary for the competitor to jump over every hurdle in its proper position.

In all championship hurdle races of the Amateur Athletic Union, or any of its Associations, up to and including 300 yards, each competitor shall have separate hurdles and a separate course marked out and measured independently, whether races are run straightaway or with turns.

RULE XXI.

TIES.

In all contests whose results are determined by measurement of height or distance, ties shall be decided as follows:

In handicap contests the award shall be given to the competitor who received the least allowance. In case of a tie between two or more competitors who received the same allowance, the decision shall be made as in scratch contests.

In case of a tie in a scratch contest at high jumping, the tying competitors shall have three additional trials at the height last tried, and if still undecided, the bar shall be lowered to the height next below, and three trials taken at that height. If no one clears it, the bar shall be lowered again and again until one of the competitors clears it. In case of a second tie, the award shall be given to the competitor who cleared the bar with the least number of trials.

In case of a tie in the pole vault the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps, where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

In case of a tie in a scratch contest at any game decided by distance, each of the tying competitors shall have three additional trials, and the award shall be made in accordance with the distances cleared in these additional trials. In case of a second tie three more trials shall be allowed, and so on, until a decision is reached. In case of a dead heat in any track events, the competitors shall not be allowed to divide the prize or points, or to toss for them, but must compete again at a time and place appointed by the Referee.

ORDER OF COMPETITION IN FIELD EVENTS.

In all scratch events the competitors shall take their trials in the order of their names as printed in the programme.

In all handicap events the competitor having the greatest allowance shall make the first trial, and so on, in regular order, up to the competitor at scratch or with least allowance, who shall have the last trial.

RULE XXII.

JUMPING.

SECTION 1. A fair jump shall be one that is made without the assistance of weights, diving, somersaults or handsprings of any kind.

THE RUNNING HIGH JUMP.

SEC. 2. The Field Judges shall decide the height at which the jump shall commence, and shall regulate the succeeding elevations.

Each competitor shall be allowed three trial jumps at each height, and if on the third trial he shall fail, he shall be declared out of the competition.

At each successive height each competitor shall take one trial in his proper turn; then those failing, if any, shall have their second trial jump in a like order, after which those having failed twice shall make their third trial jump.

The jump shall be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place it shall be counted as a trial jump.

Running under the bar in making an attempt to jump shall be counted as a "balk," and three successive "balks" shall be counted as a trial jump.

The distance of the run before the jump shall be unlimited.

A competitor may decline to jump at any height in his turn, and by so doing, forfeits his right to again jump at the height declined.

THE STANDING HIGH JUMP.

SEC. 3. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear from the ground or slide it along the ground in any direction.

With this exception the rules governing the RUNNING HIGH JUMP shall also govern the STANDING HIGH JUMP.

THE RUNNING BROAD JUMP.

SEC. 4. When jumped on earth a joist five inches wide shall be sunk flush with it. The outer edge of this joist shall be called the scratch line, and the measurement of all jumps shall

At the annual meeting of the A.A.U., held Nov. 19, 1902, in New York City, the following was offered for guidance in the pole vault and high jump events:

"That the rules of competition require the Field Judges to make accurate measurements. The Committee have discussed the question of giving the right to move the apparatus in the high jump and in the pole vault, and we would like to call the attention of all those who are interested in athletics to the fact that if the apparatus is moved, the Field Judges should make a re-measurement, because if there is any inequality in the ground at all, changing the apparatus may make a difference varying from one inch to a quarter of an inch, and the competitor should not be allowed to have the apparatus moved and thereby get an advantage in that way."

be made from it at right angles to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground shall be removed to the depth of three and the width of twelve inches outward.

A foul jump shall be one where the competitor in jumping off the scratch line makes a mark on the ground immediately in front of it, or runs over the line without jumping, and shall count as a trial jump without result.

Each competitor shall have three trial jumps, and the best three shall each have three more trial jumps.

The competition shall be decided by the best of all the trial jumps of the competitors.

The distance of the run before the scratch line shall be unlimited.

THE POLE VAULT.

SEC. 5. The height of the bar at starting and at each successive elevation shall be determined by the officials.

Three trials allowed at each height. Each competitor shall make an attempt in the order in which his name appears on the programme, then those who have failed shall have a second trial in regular order, and those failing on this trial shall take their final trial.

Displacing the bar counts as a try.

A line shall be drawn fifteen feet in front of the bar and parallel with it; crossing this line in an attempt shall be a balk. Two balks constitute a try.

Leaving the ground in an attempt shall constitute a try.

A competitor may omit his trials at any height, but if he fail at the next height he shall not be allowed to go back and try the height he omitted.

The poles shall have no assisting devices, except that they may be wound or wrapped with any substance for the purpose of affording a firmer grasp, and may have one spike at the lower end. No competitor shall, during his vault, raise the hand which was uppermost when he left the ground to a higher point on the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

Poles shall be furnished by the club giving the games, but contestants may use their private poles if they so desire, and no contestant shall be allowed to use any of these private poles except by the consent of their owners. The poles shall be unlimited as to size and weight.

Any competitor shall be allowed to dig a hole not more than one foot in diameter at the take-off in which to plant his pole.

In case of a tie the officials shall raise or lower the bar at their discretion, and those competitors who have tied shall be allowed one trial at each height.

In handicaps where a tie occurs, the scratch man or man with the smallest allowance shall be given the place.

The rule governing the RUNNING BROAD JUMP shall also govern the POLE VAULT for distance, except that when the man leaves the ground in an attempt, it shall be counted a trial.

THE STANDING BROAD JUMP.

SEC. 6. The feet of the competitor may be placed in any position, but shall leave the ground only once in making an attempt to jump. When the feet are lifted from the ground twice, or two springs are made in making the attempt, it shall count as a trial jump without result. A competitor may rock forward and back, lifting heels and toes alternately from the ground, but may not lift either foot clear of the ground, or slide it along the ground in any direction.

In all other respects the rule governing the RUNNING BROAD JUMP shall also govern the STANDING BROAD JUMP.

THE THREE STANDING BROAD JUMPS.

SEC. 7. The feet of the competitor shall leave the ground only once in making an attempt for each of the three jumps, and no stoppage between jumps shall be allowed. In all other respects the rules governing the STANDING BROAD JUMP shall also govern the THREE STANDING BROAD JUMPS.

RUNNING HOP, STEP AND JUMP.

SEC. 8. The competitor shall first land upon the same foot with which he shall have taken off. The reverse foot shall be used for the second landing, and both feet shall be used for the third landing.

In all other respects the rules governing the RUNNING BROAD JUMP shall also govern the RUNNING HOP, STEP AND JUMP.

RULE XXIII.

THE SHOT.

The shot shall be a metal sphere with a covering of any material, and the combined weight for championship contests shall be 16 pounds. It is optional with the Games Committee of handicap meetings to offer competitions of shots weighing from 12 pounds upwards.

The shot shall be "put" with one hand, and in making the attempt it shall be above and not behind the shoulder.

All puts shall be made from a circle seven feet in diameter.

The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground, and it shall be divided into two halves by a line drawn through the center. In the middle of the circumference of the front half shall be placed a stop-board four feet long, four inches high, and firmly fastened to the ground. In making his puts, the feet of the competitor may rest against, but not on top of this board.

A fair put shall be one in which no part of the person of the competitor touches the top of the stop-board, the circle, or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be the half directly opposite the stop-board. A put shall be foul if any part of the person of the competitor touch the ground outside the front half of the circle before the put is measured.

The measurement of each put shall be from the nearest mark made by the fall of the shot to the circumference of the circle on a line from the mark made by the shot to the center of the circle.

Foul puts and letting go the shot in making an attempt shall be counted as trial puts without result.

A board similar to the one in front may be used at the back of the circle.

The order of competing and number of trials shall be the same as for the running broad jump. Shots shall be furnished by the Games Committee. Any contestant may use his private shot, if correct in weight and shape; in which case the other contestants must also be allowed to use it if they wish.

RULE XXIV.

THROWING THE 56-LB. WEIGHT.

SECTION I. The weight shall be a metal sphere, with handle of any shape and material. Their combined weight shall be at least fifty-six pounds, and their combined height shall not be more than sixteen inches.

All throws shall be made from a circle seven feet in diameter.

The circle to be a metal or wooden ring, painted or white-washed, and sunk almost flush with the ground.

In making his throws the competitor may assume any position he chooses, and use one or both hands.

Foul throws and letting go the weight in an attempt shall count as trial throws without result.

Weights shall be furnished by the Games Committee. Any contestant may use his private weight, if correct in weight and shape; in which case the other contestants must also be allowed to use it if they wish.

IN THROWING FOR DISTANCE.

SEC. 2. A fair throw shall be one where no part of the person of the competitor touches the circle, the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that part of the circle directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary line drawn through the center of the circle at right angles to the direction of the throw.

The measurement of each throw shall be from the nearest mark made by the fall of any part of the weight or handle to the inside edge of the circumference of the circle on a line from the mark to the center of the circle.

The number of trials and method of decision shall be the same as in the running broad jump.

IN THROWING FOR HEIGHT.

SEC. 3. A barrel head three feet in diameter shall be suspended horizontally in the air.

The field judges shall determine the height at which the barrel head shall be fixed at the beginning of the competition, and at each successive elevation.

A fair throw shall be one where no part of the person of the competitor shall touch the circle or the ground outside of the circle before the weight touches the barrel head, and where any part of the weight or handle touches any part of the barrel head.

The measurement of each throw shall be from the ground perpendicularly up to the lowest part of the barrel head.

The method of competition shall be the same as in the running high jump.

RULE XXV.

THROWING THE HAMMER.

The head and handle may be of any size, shape and material, provided that the length of the complete implement shall not be more than four feet and its weight not less than sixteen pounds.

The competitor may assume any position he chooses, and use either one or both hands.

All throws shall be made from a circle seven feet in diameter, the circle to be a metal or wooden ring, painted or whitewashed and sunk almost flush with the ground.

A fair throw shall be where no part of the person of the competitor touches the circle or the ground outside the circle, and the competitor leaves the circle by its rear half, which shall be that directly opposite the half occupied by the competitor at the moment of delivery, and shall be designated by an imaginary

line drawn through the center of the circle at right angles to the direction of the throw.

Foul throws and letting go of the hammer in an attempt shall count as trial throws.

The measurement of each throw shall be from the nearest mark made by the fall of the head of the hammer to the inside circumference of the circle, on a line from the mark to the center of the circle.

The number of trials and methods of decision shall be the same as in the running broad jump.

Hammers shall be furnished by the Games Committee. Any contestant may use his private hammer, if correct in weight and length; in which case the other contestants must also be allowed to use it if they wish.

RULE XXVI.

THROWING THE DISCUS.

The discus shall be circular in form, made of wood, without finger holes, weighted in the center with lead discs or washers, held in by brass caps bolted together from each side. The outer surface or circumference of the wood body shall be bound by a smooth steel rim. The surface of the wood from the inner edge of the steel rim to the edge of the brass cap must be divided into four concentric steps or corrugations or parallel angles, each step cup to a depth of not more than one-eighth of an inch and tapering uniformly from brass caps to inner edge of steel rim.

The measurements and weights of the discus must be as follows: Outside diameter, eight inches; thickness at center, two inches; weight, four and one-half pounds. The center must be flat on each side of the discus for a radius of not less than one and one-half inches.

The circle for throwing the discus shall be similar in all respects to that of throwing the 56-pound weight, 16-pound hammer and 16-pound shot.

In making his throw the competitor may assume any position he pleases, and the rules governing a "fair throw" to be the same as the hammer and 56-pound weight.

A discus shall be furnished by the games committee. Any competitor may use his private discus if it conforms to the rule, in which case other contestants shall be allowed to use it if they wish.

The measurements of each throw shall be made from the nearest mark made by the fall of the discus to the inside circumference of the circle on a line from the mark made by the discus to the center of the circle.

RULE XXVII.

TUGS-OF-WAR.

Tugs-of-war shall be pulled on cleats made of wood, same to be at least four inches thick, six inches high and twenty-two inches long, and at least six feet six inches apart. The distance from the clamp in the center to the first cleat on either side shall be not less than six feet.

The cleats shall be set on edge and bolted to the board.

The rope shall be a manilla, three-stranded rope, not less than four-and-a-half nor more than five inches in circumference. There shall be a clamp equidistant from the first cleat on either side, which shall be sufficient to hold the rope in position until released.

The clamp shall not make an appreciable kink in the rope. Any position may be assumed before the pistol is fired. No mechanical device shall be used for holding the rope. No belt other than one to protect the body shall be used. The flanges to hold the rope in place shall not be constructed so as to bind on the rope in any position that the anchor may assume. Leather shields and gloves may be used, and adhesive substances may be put on the same. The belt shall not weigh more than twenty pounds. Competitors shall not use weights in unlimited pulls, but in pulls limited to specified weights, competitors may use weights, providing the total weight of the team, including weights, does not exceed the limit.

The standard time limit for each pull shall be five minutes, and a rest of not less than ten minutes shall be allowed each competitor between trial pulls. A shorter or longer time limit may be agreed upon for other than championship contests.

When tugs-of-war are limited to teams of a given weight, competitors shall be weighed before competing. They shall be weighed as they pull; i.e., including clothing, shoes, belt, etc.

The weighing-in shall be done immediately before the pull.

No knot of any kind shall be tied in the rope, and the rope shall not be passed more than once around the body of the anchor.

In no case shall any man pull on more than one team in a contest, and no substitute shall be allowed to pull on any team that has pulled a trial.

In case a team gains three feet from its opponents, it shall be awarded the pull.

Immediately before the competition the captains of the opposing teams shall draw their numbers and compete as follows: To have a preliminary round of as many contests as the total number of teams exceeds 2, 4, 8, 16 and 32, and drop the losers. This

leaves in 2, 4, 8, 16 or 32 teams, and the competition then proceeds regularly with no byes or uneven contests.

No pull shall be awarded by less than half an inch.

All competitors who have been beaten by the winner shall be entitled to compete for second place, and all who have been beaten by the winners of either first or second place shall be entitled to compete for third place.

The individual tug-of-war shall also be governed by the team rules and the contestants must pull from the first cleat from the clamp.

RULE XXVIII.

SWIMMING.

SECTION 1. Officials shall consist of one Referee, three Judges at the Finish, three Timekeepers, one Starter, one Clerk of the Course with assistants, if necessary.

SEC. 2. Duties and powers of these officials shall be the same as is prescribed for them in the foregoing rules.

SEC. 3. In the 50 yards and 100 yards swimming races each competitor shall stand with one or both feet on the starting line, and when the signal is given, shall plunge. Stepping back, either before or after the signal, will not be allowed.

SEC. 4. The start for longer races shall be the same as the 100 yards, except that competitors may start in the water (tread-water start) from an imaginary line.

SEC. 5. Each competitor shall keep a straight course, parallel with the courses of the other competitors, from the starting station to the opposite point in the finish line. Competitors will be started ten feet apart, and each one is entitled to a straight lane of water, ten feet wide, from start to finish. Any contestant who, when out of his own water, shall touch another competitor, is liable to disqualification from that event, subject to the discretion of the Referee.

SEC. 6. Each competitor shall have finished the race when any part of his person reaches the finish line.

SEC. 7. In all handicap competitions a check starter shall be appointed, whose duty it shall be to see that no contestant starts before his proper time. He shall report any violation of this rule to the Referee, who shall disqualify such competitor, should his finish affect the result of the race.

SEC. 8. *Back Stroke*.—The competitors shall line up in the water, facing the starting end, with both hands resting on the end or rail of the bath. At the word "Go," the competitors shall push off on their backs and commence and continue swimming upon their backs throughout the race. At each end of the bath, in turning, competitors shall place both hands on the end or rail of the bath before pushing off, as at the commencement of the

race. The Referee shall have absolute discretion to disqualify any competitor under this clause.

SEC. 9. *Breast Stroke*.—At the word "Go" or pistol shot, the competitors shall dive and swim on the breast. Both hands must be pushed forward and brought backward simultaneously. The body must be kept perfectly on the breast, and both shoulders on line with the surface of the water. When touching at the turn or finishing a race the touch shall be made with both hands simultaneously. Any competitor introducing or using a side stroke movement during the race to be disqualified. The Referee shall have absolute discretion to disqualify any competitor under this clause.

SEC. 10. *Diving*.—The take-offs for fancy outdoor diving shall consist of three heights—ten, twenty and thirty feet.

There shall be five regulation dives—plain front, plain back, front jack-knife, back jack-knife and one-and-a-half dives.

There shall also be three special dives, to be selected by each of the contestants, but in no case shall such contestant be permitted to give one of the five regulation dives as one of the specials.

In the front jack-knife dive the contestant must strike the water with his head within six feet of a straight line drawn from the edge of the take-off. This same rule applies to the back jack-knife. All dives must be made head first, and in the special dives a performance in which the contestant enters the water feet first will not be recognized.

There shall be three judges of diving who shall keep separate scores and not be allowed to consult, and the maximum number of points to be given for each of the dives shall be as follows:

PLAIN FRONT AND BACK DIVES.

From the top board.....	7
From the intermediate board.....	6
From the lower board.....	5

FRONT AND BACK JACK-KNIFE.

From the top board.....	8
From the intermediate board.....	7
From the lower board.....	6

ONE-AND-A-HALF DIVE.

From the top board.....	10
From the intermediate board.....	9
From the lower board.....	8

SPECIAL DIVES.

From the top board.....	15
From the intermediate board.....	10
From the lower board.....	8

The fancy diving indoor championship shall be decided from a board at a maximum height of ten feet from the water and a minimum of six feet, the dives to be given as in outdoor events, the points to count as follows:

Plain front and back dives, maximum of.....	5
Front and back jack-knife, maximum of.....	6
One-and-a-half, maximum of:.....	10
Special Dives, maximum of.....	12

SEC. 11. *Plunge for Distance.*—The maximum height of take-off for the plunge for distance shall be limited to eighteen inches above the surface of the water.

A plunge shall be a standing dive, made head first from an indicated firm take-off (i.e., "diving base"), free from spring. The body is to be kept motionless—face downward—and no progressive action to be imparted to it other than impetus of the dive.

The plunge shall terminate, if the competitor has not already raised his face above the surface of the water, at the expiration of 60 seconds, or such time as may have been previously announced by the promoting body. The duration of such plunge shall be reckoned from the time the competitor dives from the take-off.

At the finish of any plunge the competitor must leave the water as quietly as possible. Any one disturbing the water so as to interfere with the progress of the competitor following to be disqualified.

The distance traversed in a plunge shall be measured along a straight line, at right angles to the diving base, to a line parallel to the diving base, over the farthest point reached by any portion of the competitor's body while fulfilling the above conditions.

In championship or level contests each competitor shall be allowed three plunges, and the farthest plunge shall win. In handicaps, the number of plunges shall be left to the discretion of the promoting club.

When a contestant touches the side of the tank or pool, his distance shall be taken and he shall be compelled to stop.

A line may be made or painted along the bottom of the pool or tank to enable the contestants to guide themselves.

SEC. 12. *Miscellaneous.*—A competitor in turning must touch the end of the bath or course with one or both hands before kicking off.

The contestant in a handicap race who has the lowest handicap shall have the choice of position.

Where two men are on the same mark they shall draw for choice of position.

In case of a dead heat in a handicap the contestant with the lowest handicap shall be declared the winner. Where a dead heat occurs between two men on the same mark the tie shall be decided by a swim-off on the same day, or the one refusing to swim shall be given the second prize.

Choice of position shall be drawn for in races other than handicap.

When a trophy or prize is given to a club scoring the greatest number of points in a meeting the points shall be counted as follows:

First in swim, plunge or dive.....	5
Second in swim, plunge or dive.....	3
Third in swim, plunge or dive.....	1
First relay	10
Second relay	6
Third relay	2
First water polo	15
Second water polo	9
Third water polo	3

No record shall be accepted for a swimming race that has been made in a tank or pool less than sixty feet in length.

No performance made in a handicap competition shall be allowed as a record unless at least three watches shall have been started on the competitor claiming such record.

No record shall be allowed for an indoor performance where the distance does not finish at the end of the bath or tank, unless a rope, to indicate the finish, is stretched across the bath or tank at a sufficient height from the surface of the water not to interfere with the swimmer, and the time taken when the competitor's head passes the line.

RULE XXIX.

All organizations who have received sanction for any contests where prizes are offered on entry blanks, shall be required to send to the local registration committee, before the date of the games, a copy of their entry blank, and must state the value of the prizes to be given for each event.

After November 19th, 1900, no sanction will be given to any organization which shall fail to give prizes as stated on their entry blanks, and from the same date, with every sanction granted, shall be sent a copy of Section 6, Article XI., of the Constitution and this rule.

A. A. U. BOXING RULES

1. In all open competitions the ring shall be not less than 16 feet nor more than 24 feet square, and shall be formed of 8 stakes or ropes, the latter extending in double lines, the uppermost line 4 feet from the floor and the lower line 2 feet from the floor.

2. Competitors to box in regulation athletic costume, in shoes without spikes, or in socks, and to use boxing gloves of not more than 8 ounces in weight.

3. Weights to be: Bantam, 105 lbs. and under; Feather, 115 lbs. and under; Light, 135 lbs. and under; Welter, 145 lbs. and under; Middle, 158 lbs. and under; Heavy, 158 lbs. and over.

4. Any athlete who weighs in and then fails to compete, without an excuse satisfactory to the Games Committee, shall be suspended for six months. All weighing in shall cease as soon as the first bout of the tournament on each night is commenced.

5. In all open competitions the result shall be decided by two Judges, with a Referee. A Timekeeper shall be appointed.

6. In all competitions the number of rounds to be contested shall be three. The duration of rounds in the trial bout shall be limited to three minutes each. In the "finals" the first two rounds will be three minutes each and the final round four minutes. The interval between each round shall be one minute.

7. In all competitions any competitor failing to come up when time is called shall lose the bout.

8. Immediately before the competition each competitor who has weighed in shall draw in person his number and compete as follows: Have a preliminary round of as many contests as the total number of contestants can be divided by two. In case any contestant does not compete in the preliminary series, he shall be allotted a number in the next series of bouts, so as to avoid the possibility of again drawing a bye. This leaves 2, 4, 8 or 16 contestants, and the rounds then proceed regularly without byes or uneven contests.

9. Each competitor shall be entitled to the assistance of two seconds only, and no advice or coaching shall be given to any competitor by his seconds or either of them, or by any other person during the progress of any round. For a violation of this section the Referee may disqualify the competitor who is so advised or coached.

10. The manner of judging shall be as follows: The two Judges and Referee shall be stationed apart. At the end of each bout each Judge shall write the name of the competitor who in his opinion has won, and shall hand the same to the

Announcer (or Master of Ceremonies). In case the Judges agree, the Master of Ceremonies shall announce the name of the winner; but in cases where the Judges disagree, the Master of Ceremonies shall so inform the Referee, who shall thereupon himself decide.

11. The Referee shall have power to give his casting vote when the Judges disagree, to caution or disqualify a competitor for infringing rules, or to stop a round in the event of either man being knocked down, providing that the stopping of either of the first two rounds shall not disqualify any competitor from competing in the final round to decide the competition in the event of either man showing so marked a superiority over the other that a continuation of the contest would serve only to show the loser's ability to take punishment. And the Referee can order a further round, limited to two minutes, in the event of the Judges disagreeing.

12. The decision of the Judges or Referee, as the case may be, shall be final.

13. In all competitions the decision shall be given in favor of the competitor who displays the best style and obtains the greatest number of points. The points shall be: For attack, direct clean hits with the *knuckles* of either hand, on any part of the front or sides of the head, or body above the belt; defence guarding, slipping, ducking, counter-hitting or getting away. Where points are otherwise equal, consideration to be given the man who does most of the leading off.

14. The Referee may disqualify a competitor who is boxing unfairly, by kicking, or hitting with the open glove, by hitting with the inside or butt of the hand, the wrist or elbow, hitting or catching hold below the waist, or hitting when down (one knee and one hand or both knees on the floor), butting with the head or shoulder, wrestling or roughing at the ropes, using offensive and scurrilous language, or not obeying the orders of the Referee.

15. The contestant who has last been defeated by the winner shall receive second prize; and all who have been beaten by the winners of either first or second place shall be entitled to compete for third place.

16. Any athlete who competes in a boxing contest of more four rounds shall be suspended for such stated period as may be determined by the Board of Managers of the Association of the Amateur Athletic Union in whose territory the offence was committed.

17. In the event of any question arising not provided for in these rules, the Referee to have full power to decide such question or interpretation of rule.

Immediately before the competition each competitor who has weighed in shall draw in person his number and compete as follows: Have a preliminary round of as many contests as the total number of contestants can be divided by two. GENERAL.

10. Clubs runs shall be runs for which no scent is laid, but in all other conditions must conform to those of a slow chase.

11. In all chases the hares shall lay a fair and continuous trail throughout, and shall not be allowed to double on their trail. They shall be allowed to cross fordable streams only, and must surmount all obstacles over which they lay the trail.

12. In all chases the hares must keep within hailing distance of each other.

13. Under no circumstances must the pack follow the line of sight when the hares are seen, but must always follow the trail.

14. In all chases the break for home shall be indicated by a scattered bunch of paper different in color from that used on the trail.

15. Touching one of the hares by any member of the pack shall constitute a catch.

16. If the hares do not finish together, the time of the last hare in shall be considered the time of their arrival.

17. A slow pack may be started, at the discretion of the captain, in all runs and chases (except for prizes), under the control of a master and two whips. A start of one minute for each mile estimated to be covered shall be allowed by a fast pack.

COMPETITIONS.

18. In all runs or chases where there is a race, handicap or otherwise, from the break to a specified finish the pack must be lined up by the master and started by him.

19. In all runs or chases where order of finish counts for points or prizes, it shall be the duty of the master to report any disobedience on the part of any member of the pack, to the proper authority of the club under whose auspices the chase is being conducted, and it shall be in the discretion of such authority to disqualify the delinquent or nullify the points gained.

20. In all open competitions or races from start to finish, the man arriving first at any obstacles shall have the right of way; any other contestant pushing or interfering with him shall be guilty of a foul and liable to disqualification by the Referee.

21. The Referee shall also have power to disqualify any person proved to have deviated from the trail in any competition, or any one who has been aided by any horse or vehicle on the route.

22. All handicaps shall be by time allowance at the commencement of the race, with the exception of yacht handicaps, in which all contestants start together, their time allowance being taken into account at the finish.

OFFICIALS.

The Cross-Country Championships of this Association shall be under the direction of:

One Referee.

Three Judges at Finish, or more.

Six Distance Judges, or more.

Three Timekeepers, or more.

Three Scorers, or more.

One Marshal and Assistants.

One Official Reporter and such other officials as the Executive Committee may see fit to appoint.

POTATO RACING RULES.

The potato race shall consist of eight potatoes laid two yards apart on a direct line. The first potato must be two yards from the receptacle. If the competitor should drop a potato in placing it in the receptacle, he shall pick it up before touching another potato, else he shall be disqualified. After all the potatoes are placed in the receptacle, the finish will be a tape five yards behind the receptacle. The receptacle shall be either a pail, basket, box or can not over two feet in height and an opening not over thirty-six inches in circumference, and in handicap events the marks should be made from the rear of the can. In all other respects the Amateur Athletic Union rules shall govern.

L. O. F. I. S.

FENCING RULES

OF THE

AMATEUR FENCING LEAGUE OF AMERICA.

Adopted at a General Meeting, January 6, 1897.

FOILS.

1. Foil competitions shall be conducted by three or five judges (one of whom shall act as director) for each bout, who shall be experienced amateur fencers, selected from different clubs, if possible, and whose decision shall be final and without appeal. There shall also be a timer, who shall time the bouts in accordance with Rule 3.

2. Each contestant shall fence a bout with every other contestant.

3. Each bout shall consist of four minutes' actual fencing, and contestants shall change positions after two minutes. Contestants shall come on guard, at the middle of the space, at the command of a judge.

4. Each judge, without consulting his fellow judges, shall award 100 points, or any part thereof, to each contestant at the end of the bout. The score shall be the average of the sum of the points obtained.

5. Touches shall count only when made upon the body, within the limits bounded by the collar of the fencing jacket, the median line, the hip, and a line drawn from the hip to the posterior limit of the armpit, around the front of the arm along the crest of the shoulder to the collar. A touch on any part of the boundary lines shall count.

6. The competitor attacked should parry; if a stop thrust be made it shall only count in favor of the giver, provided he be not touched at all.

7. A touch, whether fair or foul, invalidates the riposte.

8. A touch is of no value when the point is twisted onto the body after the slap of the foil.

9. The judges *must* stop a corps-a-corps as soon as made.

10. A disarmament is of no value. A touch *immediately* following a disarmament counts.

11. A point scored from a thrust started with the elbow behind the body (jab thrusts) shall not count.

12. Each contestant shall fence with the same hand throughout the bout.

13. Competitors shall wear *white* fencing jackets.

14. Contestants shall fence within a marked space twenty feet long and thirty-six inches wide, with a mark plainly indicating the middle. When a contestant overslips these limits a judge shall stop the bout, and the director shall start the contestants again in the middle of the marked space. If a majority of the Judges agree that the contestant has overstepped the boundary line, five points shall be deducted from his final score for each offence.

15. Foil blades shall not exceed thirty-four inches in length.

DUELLING SWORDS.

1. Duelling sword competitions shall be conducted by three or five judges for each bout, who shall be experienced amateur fencers, selected from different clubs, if possible, and whose decisions shall be final and without appeal.

2. Each contestant shall fence a bout with every other contestant for an aggregate of three touches. Each touch shall count one point.

3. A judge, upon seeing a touch, shall stop the bout, and thereupon a vote shall be taken. A touch shall be awarded only upon the agreement of a majority of the judges. Neither judges nor contestants shall discuss the touches made or claimed, nor shall any comment be made upon them.

4. Sword tips shall be chalked merely to aid the judges in arriving at a decision. A chalk mark is *not conclusive* evidence of a touch.

5. The contestant scoring the highest aggregate of points shall be declared the winner, the next highest second, and so on.

6. A touch on any part of the adversary counts.

7. A disarmament is of no value. A touch *immediately* following a disarmament counts.

8. If both contestants are touched by simultaneous lunges, the judges shall deduct one-quarter of a point for each offence from each contestant.

9. The diameter of the bell-guard shall not exceed five inches and the blade shall not be more than thirty-four inches long.

10. Each competitor shall wear a dark fencing suit and dark gloves.

SABRE.

1. Sabre competitions shall be governed by the same rules as the foil competitions, except that a cut or thrust on any part

of the body above the hips shall count, and the limitation of space shall not be imposed, nor shall there be any restriction as to color of costume.

2. Sabre blades shall not be more than thirty-three inches long.

3. The jury shall have the power to prohibit the use of any unusual guard which may give a competitor an advantage over his adversary.

RULES GOVERNING COMPETITIONS.

1. A championship meeting shall be held annually, and such time and place as may be designated by the Executive Committee of the Amateur Fencing League of America.

2. Division meetings shall be held at such time and place as may be designated by the Division Committee. Each division shall hold a meeting at least two weeks prior to the National Championship, which shall be considered a preliminary to the championship meeting.

3. No fencer shall be eligible to enter the National Championship (except as provided in Rule 4, following) unless he shall have attained a score in foils, swords and sabres of at least 55 per cent of the possible number of points to be obtained at such meeting.

4. A medal man of preceding years shall be privileged to fence for championship honors without qualifying in the preliminaries, provided he has not been defeated at any intervening championship.

5. The judges and scorers shall be appointed by the Executive Committee, and a record kept of all fencers at championship meetings.

6. At the Division contests (preliminaries) the judges and scorers shall be appointed by the Division Committee, and a list of all fencers qualifying in the preliminaries, properly endorsed by the Division Committee, shall be transmitted to the Secretary of the League within seven days after such meeting.

AMERICAN RULES OF WATER POLO.

1. The ball shall be the regulation white rubber Association foot ball not less than 7 inches nor more than 8 inches in diameter.

2. The goals shall be spaces 4 feet long and 12 inches wide marked "Goal" in large letters. One shall be placed at either end of the tank, 18 inches above the water-line equally distant from either side.

3. To score a goal the goal must be touched by the ball in the hand of an opposing player and the greatest number of goals shall count game.

4. The ball shall be kept on or as near the surface of the water as possible and shall never intentionally be carried under water. No goal shall be allowed when scored by an under-water pass.

5. The contesting teams shall consist of six a side, with two reserve men who can be substituted at any time when the ball is not in play. A player withdrawn cannot return to play. Only six prizes shall be given to the winning team.

6. Time of play shall be 16 minutes actual time, divided in two halves of 8 minutes each and 5 minutes' rest between halves. Time occupied by disputes, free trials for goal, repairing suits, and lining up after a goal has been scored shall not be reckoned as time of play.

7. The captains shall be playing members of teams they represent and shall toss for choice of ends of tank. The ends shall be changed at half time.

8. The Referee shall throw the ball in the center of the tank and the start for the ball shall be made only at the sound of the whistle.

9. A ball going out of the tank shall be returned to the place from which it was thrown and given to the opposing team.

10. A mark shall be made four feet from each goal on the side of the tank and an imaginary line between these marks shall be called the four-foot line. No man will be allowed within this line until the ball is within it. The goal tenders, limited to two, of the defending side are alone exempt from this rule. When the ball is within the goal line the goal tenders shall not be allowed any artificial support other than the bottom of the tank.

11. No player is allowed to interfere with an opponent unless such an opponent is within four feet of the ball, except

when the ball is within the goal section, when indiscriminate tackling will be allowed in the goal section. The goal section to be a space of four feet by eight feet within the goal line and between two parallel lines drawn at right angles to the goal line and distant two feet from either end of the goal.

12. Upon a goal being gained, the opposite teams shall go to their own end of the tank, and the ball shall be thrown by the Referee into the center and play started as at beginning of game.

13. Each team shall have two judges, one at each goal line, who, upon a goal being made, shall notify the Referee and announce the same.

Only in case the judges disagree shall the Referee have power to decide whether a goal be fairly made or not.

14. The Referee shall decide all fouls, and if in his opinion a player commits a foul he shall caution the team for the first offence and give the opponents a free trial for goal at each succeeding foul.

A free trial for goal will be given by lining up three backs of the defending team within the 4-foot line and giving three forwards of the opposing team the ball on the 15-foot line, when they may try for a goal until a goal is scored or the ball goes outside the 15-foot line. Only three men from each side will be allowed within the 15-foot line, until the ball goes outside that line or a goal is scored.

Fouls.—It shall be a foul to tackle an opponent if the ball is not within four feet of him or to hold him by any part of his costume. It shall be a foul to cross the 4-foot line ahead of the ball, unless forced over by an opponent, or to hang on to the sides of the tank except for the purpose of resting.

Unnecessary rough work may, within the discrimination of the Referee, either be counted a foul or the Referee may put the offender out of the tank until a goal is scored or the half ends.

FIGURE SKATING CHAMPIONSHIP RULES.

The object of the Figure Skating Championships is to set forth the movements of figure skating so as best to test the proficiency of skaters, and in an order that will economize the strength of the contestants. The movements are arranged under comprehensive fundamental heads. It is to be understood that whenever practicable all movements are to be executed both forward and backward on right foot and on left.

1. Outside edge roll forward.
2. Outside edge roll backward.
3. Single and double flat foot spins, crossfoot and two-foot whirls
4. Inside edge roll forward.
5. Inside edge roll backward.
6. Figure eight on one foot forward, single and double circles.
7. Curved angles—three, single, double and chain, beginning on inside or outside edge.
8. Figure eight on one foot, backward, single and double circles.
9. Cross roll forward in field and eights, single and double circle.
10. Cross roll backward in field and eights, single and double circle.
11. Loops and ringlets on inside and outside edges, single and in combination.
12. Change of edge roll forward, beginning on either outside or inside edge.
13. Change of edge roll backward, beginning on either outside or inside edge.
14. Curved angles—rocking and counter rocking turns from outside edge to outside edge and inside edge to inside edge, forward and backward.
15. Curved angles—crosscuts or anvils on inside and outside edges.
16. Grapevines.
17. Toe and heel movements, embracing pivot circling, toe spins (pirouettes) and movements on both toes.

In case of a tie the judges shall order the competitors so tied to skate five specialties each.

If limited as to time the judges may select what is thought best.

This schedule is intended as a guide, as well to skaters as to judges who should continually bear in mind that grace is a most desirable attribute to artistic skating.

The rules of the Amateur Athletic Union of the United States are as follows:

The officials of a figure skating competition shall be three judges and one scorer.

The judging shall be done on a scale of points running from the number of contestants down to 0.

Experience shows the following to be the most practical method of scoring:

"The number to be given to the one standing first in any section shall be that of the number of contestants. Should there be two or more of equal merit, they should be marked the same number; and the one coming next below takes the number resulting from subtracting the number of competitors above him from the number entered. A total failure is marked zero."

A fall does not necessarily constitute a failure.

At the conclusion of each figure each judge shall, without consultation with his associates, mark the number of points which he awards to each competitor.

These reports shall then be compared, and in case of disagreement the majority shall decide.

The scorer shall keep an accurate record of the points allowed to each contestant on each figure.

In deciding the relative merits of competitors, special attention will be given to grace and ease of position, accuracy in skating to place and ability to use both feet equally well.

Competitors before coming on the ice will draw lots to decide the order in which they will skate, and shall preserve this order throughout, except that the competitor who leads in each figure shall skate last in the next on the programme, the other preserving their relative succession.

If, in the opinion of the judges, any competitor shall not have skated in the first nine numbers sufficiently well, they may require him to retire.

Any competitor refusing to skate when called upon in his proper turn, without a reason satisfactory to the judges, will be ruled out of the competition and shall leave the ice.

The decision of the majority of the judges shall be final in regard to all questions of disqualifications; interpretations of the programme and merits of the competitors.

Every member of this Association must appoint three delegates to represent it at meetings of this Association, and such delegates must be members in good standing of such organization and may also appoint three alternates of such delegates, who must be members of such organization or of some other member in this Association, except that no member of the Board of Managers shall be appointed an alternate. All the representatives of one member shall collectively have one vote. All delegates and alternates shall represent their respective organizations until withdrawn.

2. The appointment of every delegate and alternate shall be in writing, duly certified by the chief executive officer or secretary of the appointing member.

3. All members of the Board of Managers shall be elected from the duly appointed delegates. No alternate shall be elected a member of the Board.

4. Election of members of the Board of Managers shall only occur at the annual meeting and by a majority vote of organizations represented and entitled to vote, except that the Board of Managers shall have power to fill vacancies, arising from any cause, from among the delegates to the Association.

5. Any member may at any time, by written notice, addressed to the Secretary-Treasurer of the Association and signed by the chief executive officer or secretary of such member, withdraw any or all of its delegates, provided a like number of newly appointed delegates be at the same time substituted for those withdrawn; and if any delegate thus withdrawn be at the time a member of the Board of Managers, the Board shall fill the vacancy as provided in Section 4 of this Article.

ARTICLE VI.

MANAGEMENT.

The management of the affairs of this Association shall be delegated to a Board of Managers, consisting of not more than fifteen members.

The Board of Managers so chosen, shall, from among their number, elect a President, Vice-President, and a Secretary-Treasurer, each of whom shall serve for a term of one year or until his successor is chosen, and each of whom shall perform the duties prescribed by the By-Laws.

ARTICLE VII.

DUTIES AND POWERS OF THE BOARD OF MANAGERS.

The Board of Managers shall, in addition to the duties and powers elsewhere in this Constitution prescribed, have power and it shall be their duty:

3. To reject any entries (if deemed objectionable) at any Association Championship meeting, and to delegate this power to its committees.
4. To remove from office, by a two-thirds vote, any member of the Board of Managers who, by neglect of duty, or by conduct tending to impair his usefulness as a member of such Board, shall be deemed to have forfeited his position.
5. To fill all vacancies in the Board of Managers occurring from any cause.
6. To collect the dues and funds of the Association and to expend the same.

2. A failure to pay said dues within the time prescribed shall operate to prevent a representation of and a vote by the delinquent member at any meeting of the Association; and a continued indebtedness for dues or other charges for a period of three months, shall operate as a loss of membership by the delinquent member.

3. The receipts from all sources shall be devoted to defraying the cost of Association championship medals or other tokens, annual dues to the Amateur Athletic Union, and for printing and other necessary expenses incurred by the Board for this Association. All expenses incurred by delegates in attending meetings of this Association and by members of the Board of Managers in attending meetings of the Board, may be paid by their respective clubs from which such delegates or managers were appointed or chosen.

WHEN AN AMATEUR BECOMES A PROFESSIONAL

The Amateur Athletic Union of the United States, without enlarging or diminishing or in any way modifying the provisions of the Constitution, By-Laws and General Rules, to which for more explicit information reference must always be had, hereby authorizes the following as a

Summary of the tests which have been applied in the determination of questions of amateur standing.

An athlete becomes a professional if he

- (1) Enters a competition for money or for prizes of more than \$35 in value. (Const., Art. X, Sec. 1 (1), Secs. 3, 4.)
- (2) Sells or pawns his prizes. (Const., Art. X, Sec. 1, (4).)
- (3) Accepts a purse of money (Const., Art. X, Sec. 1 (1).)
- (4) Enters a competition under a false name. (Const., Art. X, Sec. 1 (2).)
- (5) Enters a competition open to a professional, or knowingly competes with a professional. (Const., Art. X, Sec. 1 (3).)
- (6) Issues a challenge to compete for money or its equivalent. (Const., Art. X, Sec. 1 (4).)
- (7) Receives reward for becoming or continuing a member of an Athletic Organization. (Const., Art. X, Sec. 1 (1).)
- (8) Teaches, trains, or coaches in an athletic sport for money or any valuable consideration. (Const., Art. X, Sec. 1 (1).)

An athlete is disqualified from competing as an amateur who has committed any of the following acts:

- (1) Entering or competing against others than registered amateurs in good standing. (Const., Art. X., Sec. 1 (6), Sec. 2, General Rule 1).
- (2) Competing from an organization.
 - (a) In whose employ he is. (Const., Art. X, Sec. 1 (1).)
 - (b) In which he is not a member in good standing. (Const., Art. X, Sec. 1 (2).)
 - (c) When he has competed from another organization within three months. (Art. X, Sec. 2.)
 - (d) When he has competed from another existing organization within a year, except upon written release from that organization, (Const., Art. X, Sec. 2.)

(3) Violating the rules of affiliated bodies when in their games. (Const., Art. X, Sec. 4.)

(4) Acting in a discourteous or unfair manner. (Const., Art. XI, Secs. 11-12.)

(5) Competing when knowingly under suspension. (Const., Art. X, Sec. 4; Art. XI, Sec. 9, General Rule 1.)

(6) Competing in games not duly authorized. (General Rule 1.)

(7) Entering open games when unregistered. (Const., Art. X, Sec. 1 (6).)

(8) Refusing to testify. (Const., Art. XI, Sec. 10.)

For the purpose of defining the position of the Amateur Athletic Union in regard to certain matters which have been the subject of some discussion, the following construction of our Constitution, By-Laws and Rules is authorized and promulgated:

(1) In sports over which the Amateur Athletic Union has not assumed jurisdiction, the following are recognized as governing bodies:

National Association of Amateur Oarsmen.

United States Golf Association.

United States National Lawn Tennis Association.

National Archery Association.

National Roque Association.

Amateur Fencers League of America.

The Amateur Athletic Union recognizes the right of collegiate associations and scholastic associations to govern themselves and to compete among themselves without registration or sanction of the Amateur Athletic Union; but teams other than track teams duly authorized to represent an educational institution may only compete with teams of outside organizations when such latter teams are duly registered.

{ Unless the team representing the educational institution is properly authorized to represent its institution, both teams must be registered.

At all meetings held under the management of educational institutions all athletes competing who are not members of educational institutions must be registered.

An athlete cannot compete as an amateur who has coached or instructed for money or received excessive expenses, or played with or against professionals in baseball or football, except that this shall not apply to the individuals of a team composed entirely of amateurs which has played against a professional team. A single professional player on a team makes the team professional.

Athletes should make it a point to have two suits of athletic apparel, one for competition and one for practice purposes. The clothing that some of our crack athletes wear in competition is a disgrace to athletics, and it adds a great deal to an athlete's appearance to appear neat and clean when taking part in athletic competition. In practice within one's club or grounds, almost any kind of clothing can be used. A sprinter should have two pairs of running shoes, one a very heavy pair for practicing in (the cross-country shoe, No. 14C; makes a very good shoe for this purpose, and can be had with or without spikes on heels), and a light pair for racing. One of the

No. 2-0.

No. 14C.

best professional sprinters that ever wore a shoe made it a point to train for all his races in very heavy sprinting shoes. Aside from the benefit that is claimed for practicing in heavy shoes, you always feel as though you have a pair of shoes that will be ready for any race that is scheduled, and bear in mind it does not pay to buy athletic implements or clothing that are cheap. They don't wear and cannot give you the service that you will get from articles that are official and made by a reputable house.

Spalding supplies special custom made athletic shoes, made according to your own measurements, at \$1 extra over their

regular price for stock shoes. For these made-to-order shoes they set aside special lasts, and keep on file your own measurements, so that duplicate pairs of shoes may be ordered at any time after the first order is placed, simply by giving your name and address. Write to any Spalding store, a list of which is given on inside front cover of this book, for measurement blank, which gives full directions for taking your own measurements.

They also furnish special made-to-order athletic shoes for base ball and foot ball players, the extra charge in each case for this special service being \$1 per pair over their price for regular stock shoes.

No. 10.

No. 11T.

It is very important that the beginner in athletics should know what to wear for the different sports. The cross-country runner requires a shoe with a low, broad heel, and spikes in sole of shoe; he can have spikes in the heel or not, just as it suits him. A pair of Spalding No. 14C shoes, which are made of the best kangaroo leather, and used by all the prominent cross-country runners, cost \$6; when made to order, \$7 per pair. A sprinter will require a pair of sprinting shoes, No. 2-O, that sell for \$6, and \$7 when made to order. The No. 10, well made, of the finest lightweight calfskin, cost \$5 per pair, and \$6 when made to order. The sweater, No. A, of finest Aus-

tralian lamb's wool, was made originally by special order for the Yale foot ball team, is now used by all college athletes, is one of the best in the market, and sells for \$6; athletic shirt, No. 600, \$1.50; running pants, No. 3, at 75 cents; a supporter is very essential for an athlete, and nearly all the champions use them; No. 5 is the most suitable one, and retails at 75 cents; a pair of corks will cost the athlete 15 cents; pushers for the running shoes, 25 cents.

The second quality of the same line of goods can be bought as follows: Sprinting shoes, No. 10, \$5 (\$6 when made to

No. 14H.

No. 11.

order); sweater, No. B, \$5; shirt, No. 6E, 50 cents; pants, No. 4, 50 cents; supporter, No. 2, 50 cents; corks, No. 1, 15 cents; pushers No. 5, 25 cents.

The pole-vaulter will want the same outfit, with the exception of a pair of jumping shoes, No. 14H, which sell for \$6, and a pair of wrist supporters, No. 200, which can be bought for 40 cents. The best pole on the market for athletic purposes is the 16-foot Spalding pole. This pole is made of hollow spruce, thus being much lighter, and, owing to a special preparation with which it is filled, the strength and stiffness is greatly increased. It retails for \$10; a 14-foot pole, hollow, retails for

\$9.50, and the solid for \$6. Usually the vaulter will wrap the pole to suit his own taste.

The high jumper and the broad jumper will want an outfit as follows: Jumping shoes, No. 14H, \$6; sweater, No. A, \$6; shirt No. 600, \$1.50; pants, No. 3, 75 cents; supporter, No. 5, 75 cents; corks, No. 1, 15 cents; pushers, No. 5, 25 cents.

An outfit with several of the articles of a cheaper grade than the above costs: Jumping shoes, No. 14H, \$6; sweater, No. B, \$5; shirt, No. 6E, 50 cents; pants, No. 4, 50 cents; supporter, No. 2, 50 cents; corks, No. 1, 15 cents; pushers, No. 5, 25 cents.

No. 111—Indoor Running Shoe.

The man who throws the weights will require the same wearing apparel as the pole-vaulter or the runner. John Flanagan and James Mitchel, two of the greatest weight throwers in the world, wear what is known as the No. 14H shoe, with a short spike, which sells for \$6, and \$7 when made to order. It is very essential that the weight-thrower should have his own implements; in fact, nearly all the champion weight-throwers carry their own weights with them and guard them jealously.

Among athletes and frequenters of gymnasiums and those athletically inclined, sleeveless and quarter-sleeve shirts have become popular. Spalding also has different styles of knee

pants, supporters, running and jumping shoes, and below we give for the athlete's information some selections for athletic equipment.

In sleeveless shirts, Spalding furnishes No. 600, a very satisfactory style, at \$1.50. This grade is made of cut worsted, and is furnished in navy blue, maroon, and black, in sizes from 26 to 42 inches chest. A similar shirt to this, but quarter-sleeve instead of sleeveless, is the Spalding No. 601, the price of which is also \$1.50 each. In best-grade worsted, full-fashioned, the Spalding No. 1E shirt is recommended. The price of this is \$3 each; and a similar shirt, quarter-sleeve, No. 1F,

Running Pants.

Quarter Sleeve Shirt.

is also \$3 each. These best-grade worsted shirts are made in black, navy blue, and maroon, in sizes from 26 to 42 inches chest.

Spalding also furnishes sleeveless and quarter-sleeve shirts made of sanitary cotton. The No. 6E sleeveless shirt, of cotton, costs 50 cents each, and is furnished in bleached white, navy blue, black, maroon, and in sizes from 26 to 44 inches chest measure, and a similar shirt in quarter-sleeve is No. 6F, and is also 50 cents each.

Knee pants, corresponding in grade to the above shirts, are furnished by Spalding also, No. 604 costing \$1.50 per pair, and furnished in same colors as the shirts and in sizes 28 to 42 inches waist. In the best worsted, Spalding furnishes No. 1B

at \$3 per pair; these are supplied in black, navy blue, and maroon, in sizes from 28 to 42 inches waist measurement. In sanitary cotton, the No. 4B knee tights, at 50 cents per pair, are furnished in bleached white, navy blue, black, and maroon, in sizes from 26 to 42 inches waist measurement.

With many athletes the new sleeveless shirts, with a four-inch stripe around chest, are becoming more popular than plain colors. Spalding furnishes these shirts in the following combinations of colors: navy blue with white stripe, black with orange stripe, maroon with white stripe, red with black stripe, royal blue with white stripe, and black with red stripe. These sleeveless shirts are Spalding's No. 600S, which cost \$1.50 each. A similar shirt to the No. 600S, but made of sanitary cotton,

in solid colors and four-inch stripe around chest, in same combination of colors as the No. 600S, is the Spalding No. 6ES, which costs 75 cents each.

Also another very popular style is the sleeveless shirt with cotton sash of different color. Spalding has two styles, one of the best worsted, full-fashioned, in black, navy blue, and maroon, with sash of any color desired; this is the No. 1ER, at \$5 each. A cheaper grade, made of sanitary cotton, in solid colors, and sash of different color, is furnished in the same combination of colors as the No. 600S shirt mentioned above, and the price of the sanitary cotton shirt, with different colored sash, No. 6ED, is 75 cents each.

For full pants used by bicycle riders, etc., Spalding has three different grades of the best worsted, full-fashioned, furnished in black, navy blue, and maroon. They have their No. 1A at \$4 per pair, in sizes from 28 to 42 inches waist measurement, and in the same colors. They supply their No. 605 full tights, made of cut worsted, for \$2 per pair. They also have full tights of sanitary cotton, furnished in white, black, and flesh colors, in sizes from 26 to 42 inches waist, for \$1 per pair; these are their No. 3A.

Running pants are used by a great majority of athletes for one purpose or another. The name applies simply to one use to which they are put, as they are quite suitable for field athletes, and also are used in many cases for gymnasium wear.

Spalding supplies running pants in four different qualities: No. 1, of white or black sateen, fly front, lace back, costing \$1.25 per pair; No. 2, of slightly cheaper quality sateen, costing \$1 per pair; No. 3, of white and black silesia, costing 75 cents per pair; and No. 4, 50 cents per pair. Stripes down the sides of any of these running pants cost 25 cents per pair extra.

Recognizing the need of some kind of athletic wear that would be suitable at the same time for use as underwear during the heated term especially, but throughout the year if desired, Spalding has put out special cotton-mesh athletic underwear at reasonable prices, which, it is believed, will be recognized as filling this need. The quality of each article is very satisfactory, indeed, and they are nicely finished. The prices for these articles are: No. 15, white cotton-mesh sleeveless shirt, \$1 each; No. 15P, white cotton-mesh knee pants, \$1.50 per pair; No. 10E, natural cotton-mesh sleeveless shirt, \$1.50 each; No. 10EP, natural cotton-mesh knee pants, at \$1.50 per pair. The shirts are supplied in sizes 26 to 44-inch chest and the knee pants in sizes 28 to 42 inches waist.

Spalding also furnishes a very satisfactory knee pants for the same purpose, made of special twilled cotton, durable in quality, and at the same time extremely light in weight. These are: No. 280, white basket weave cotton knee pants, the price of which is 60 cents each per pair; and No. 210, white twill cotton

knee pants, very light and cool, at \$1 per pair. These are furnished in sizes from 28 to 42 inches waist measurement.

Spalding furnishes the most complete line of athletic jerseys and sweaters, made up of best quality, which look well and wear like iron. The prices are in every case regulated according to the cost of production. The full particulars are described in the Spalding catalogue, which will be mailed upon application from any Spalding store. The prices of the various styles of jerseys manufactured by Spalding are: No. 1P, \$4 each—solid colors, furnished in navy blue, black, maroon, and gray; No. 1PS, same quality as No. 1P, but in a great variety of colors, with 2-inch stripe, throughout. The price of No. 1PS is \$4.50 each. No. 10P, solid colors, \$3 each; No. 10PS, same quality as 10P, but with 2-inch stripe throughout, in a great variety of colors, \$3.50 each; No. 10PW, same quality as No. 10P, but with 6-inch stripe around, at \$3.25 each; and No. 10PX, also same quality as 10P, but with solid colors and alternate-stripe sleeves, \$3.25 each; No. 12P, solid colors, costs \$2.50 each; No. 12PX, same quality as 12P, but with sleeves striped alternately, \$2.75 each.

The Spalding No. AA sweater costs \$8 each; and No. A, slightly lighter in weight, \$6 each; No. B, at \$5. These sweaters are all furnished in white, navy blue, black, gray, and maroon, in sizes from 28 to 44 inches. A cheaper grade of sweater, known as the Shaker style, is also furnished by Spalding—No. 3, \$3.50.

Jacket sweaters are becoming more popular every season. Spalding furnishes a variety of styles to select from. Their No. VG is their best quality, made in gray or white only, and the price of this jacket sweater is \$6 each. The same sweater made with pockets on each side, their No. VPG, costs \$7 each. A somewhat lighter sweater for best quality is their No. CJ at \$5 each; and in the Shaker style, their No. 3J, \$4.50 each. In what is known as the vest-collar sweater Spalding furnishes a very popular style, No. BG, in white and gray only, at \$5.50 each.

When it comes to athletic shoes, the athlete who regards his reputation as valuable goes to Spalding for something that is

really correct and that will do him credit. Spalding furnishes the running, jumping, and hurdling shoes used by the best men in track and field sports, and there is not a competing athlete of any prominence in this country who does not wear Spalding shoes. They are made at almost all prices, and each style will be found satisfactory in quality, and excellent value for the prices asked. The Spalding No. 2-O running shoe is considered the acme of perfection on the running track, and the price is \$6 per pair. It is made of the finest kangaroo leather, extremely light and glove-fitting, with best English steel spikes firmly riveted on. In a calfskin shoe, hand-made, Spalding furnishes their No. 10 at \$5 per pair; and in a calfskin machine-made shoe their No. 11T at \$4 per pair, and in a somewhat cheaper quality their No. 11 at \$3 per pair.

To the cross-country runner there is not any part of his equipment that is so important as the shoes he wears. Spalding furnishes the shoes worn by the best cross-country men. They make up one quality in a special cross-country shoe, their No. 14C, at \$6 per pair. They are really the best product of the shoemaker's art, being made of the finest kangaroo leather, with low heel, flexible shank, hand-made, and with six spikes on sole, and with or without spikes on heel, according to the preference of the runner.

In a jumping or hurdling shoe, Spalding furnishes a shoe similar in quality to the No. 14C and to the No. 2-O running shoe, and made with a special stiffened sole, and with spikes in heel, placed according to the latest ideas to assist jumpers. This is the No. 14H, jumping and hurdling shoe, and costs \$6 per pair.

For indoor running Spalding furnishes three styles of shoes: No. 111, fine leather, rubber-tipped sole, with spikes, at \$4 per pair; No. 112, with special rubber-tipped sole, and no spikes, at \$3 per pair, and No. 114, rubber-tipped, and with no spikes, for \$2.50 per pair.

For indoor jumping, the Spalding No. 210 shoe, hand-made, of best leather, with rubber soles and either with or without spikes, costs \$5 per pair.

A full line of elastic bandages, ankle and wrist supporters, and other articles necessary for the athlete, is carried at all Spalding stores, and a catalogue, giving cuts, descriptions, and prices of these goods, will be sent on application from any Spalding store. For the athlete a necessary article is an elastic supporter. Spalding furnishes these in a variety of styles. A popular style is the No. 5 bike jockey strap, the price of which is 75 cents each. These are made in three sizes: small, to fit waist 22 to 28 inches; medium, 30 to 38 inches; and large, 40 to 48 inches. The No. 2 style supporter, with elastic pieces on side, costs 50 cents each, and the No. 3, similar to No. 2, but with open-mesh front, also costs 50 cents each. The No. 1, made of the best Canton flannel, costs 25 cents each; and the No. X, similar to No. 1, but cheaper in quality, 20 cents each. In the line of suspensories the best quality is No. 4, the "Old Point Comfort," as \$1.50; No. 3, at \$1.25; and No. 2, at \$1 each. Other styles are made by Spalding at prices from \$1.25 each, down to 25 cents each.

A great benefit is often derived from the use of a satisfactory style of wrist supporter. Spalding furnishes these wrist supporters at prices from 20 cents to 50 cents each. The best quality—their No. 400—is made of genuine pigskin, nicely lined, and made on the improved English slitted style. The price of this No. 400 wrist supporter is 50 cents each. The No. 200 style, made of solid belt leather, either tan or black, with double strap and buckle, costs 40 cents each, and the No. 300, with laced fastening, 25 cents each. The other Spalding styles are: No. 100, single strap and buckle, 25 cents each; and No. 50, of grain leather, single strap and buckle, 20 cents each. Another very necessary article is a satisfactory style of ankle supporter. Years ago, Spalding got out the Hackey ankle supporter, made of fine leather. This proved to be one of the most necessary articles for the athlete. It can be worn either under or over the stocking and supports the ankle admirably, while not interfering in any way with better movements. It relieves pain immediately, and it cures a sprain in a remarkably short time. It is necessary when ordering to give size of shoe

worn. These ankle supporters are made in three qualities: No. H, of soft tanned leather, best quality, price \$1 per pair; No. SH, made of good quality sheepskin, 50 cents per pair, and No. CH, made of black duck, lined and bound, 25 cents per pair.

A copy of the Spalding catalogue, devoted to their line of uniform equipment, should be in the hands of every athlete player, for there is listed in each Spalding catalogue numberless articles that are necessary for the athlete, and of which he might know nothing if they were not brought to his attention. Being in touch with the vast army of athletes in this country, A. G. Spalding & Bros. have means of testing out every idea thoroughly and to better advantage than any one else, and the benefit of their experience and knowledge gained during their thirty years in business is given over to every purchaser without additional cost in the Spalding line of athletic equipment. Copies of the Spalding catalogues will be sent free to any address on application to any of the Spalding stores, list of which is given below.

WHAT TO USE FOR ATHLETICS

In an athletic article, the most necessary requisite is suitability, and in this particular the athlete who purchases from Spalding is sure to be satisfied, because every Spalding athletic article is made to satisfy the athlete in every way, which accounts for the unparalleled popularity of Spalding goods among athletes generally. The boy competing in athletics should go to Spalding's, if possible, and see what is necessary for him to use, and which will be best adapted to his needs; but if that is

John Flanagan, Champion 16-lb. Hammer Thrower.

impossible, by sending his name on a postal card to the nearest Spalding store (see list on inside front cover), and stating what branch of athletic sport he is particularly interested in, a copy of the latest Spalding catalogue will be mailed to him, which contains pictures and prices of everything that is up to date in athletics.

Spalding athletic implements are made in exact accordance with the rules of the Amateur Athletic Union, and have been

recognized as official, and no athlete who tries for a record would think of using any other make, as he knows that Spalding's are invariably correct, and he can compete with the assurance that if he wins there will be no question of the illegality of the record, as sometimes happens when athletes use implements that do not comply with the official requirements.

For the hammer-thrower, the best hammer is the Spalding Championship Hammer, with ball-bearing swivel. This hammer was designed by Champion John Flanagan, who holds the world's record for throwing the hammer. The benefits of the ball-bearing construction will be quickly appreciated by all hammer-throwers. It is guaranteed absolutely correct in weight. The price of the No. 06 Spalding Championship Ball-Bearing Hammer, complete with sole-leather case, is \$7 for the 16-lb., and the same price for the 12-lb. If bought without the

New Regulation Hammer with Wire Handle.

leather case, the price is \$5 for either the 16-lb. or 12-lb. In the ordinary style hammer, with wire handle, but not ball-bearing, the No. 9, Practice, made of lead, 12-lb., costs \$4.50, and the No. 10, Regulation, 16-lb. lead, \$5. In iron hammers the No. 12, Juvenile, 8-lb., costs \$2.50; the No. 14, Practice, \$3.50; and the No. 15, Regulation, 16-lb., \$3.75. Wire handles for any of the foregoing hammers, with the exception of the Championship, cost 75 cents each. Handles for the Championship hammer are not supplied separately, but have to be put in at the Spalding factory at an extra charge.

It is advisable for a weight-thrower who wants to become expert to carry his own weights, and particularly his own hammer. He can then arrange to have the grip made to suit himself, and when necessary, to cover it with leather, and he will not be called upon when he goes to a competition to take the ordinary hammer with a handle with which he is not familiar,

Regulation 56-lb. Weight.

The Spalding 56-lb. weight is made after designs submitted by Champion James S. Mitchel, the winner of innumerable contests both in America and Europe. It has been endorsed by all the leading weight-throwers, and is guaranteed correct in weight and in exact accordance with the rules of the Amateur Athletic Union. The 56-lb. weight is made in lead only, and costs, complete, \$12.

For shot putters the Spalding make is guaranteed correct in weight. Two styles of metal are used—lead and iron. In lead, the 16-lb. shot, No. 19, costs \$3.50, and the 12-lb., No. 21, \$3. In iron, the 16-lb., No. 23, costs \$1.75; the 12-lb., No. 25, \$1.50; and the 8-lb., No. 18, \$1.25. The latter weight

is made in iron only. For indoor use Spalding supplies shot with a leather cover, which prevents the shot from losing weight, even when used constantly. The prices on the leather-covered shot are as follows: 16-lb., No. 4, \$7.50; 12-lb., No. 3., \$7; and the 8-lb., No. 26, \$5. For indoor use, however, the best shot is Spalding's patented rubber-

Indoor Shot.

Regulation Shot.

covered indoor shot, which is made according to scientific principles, with a rubber cover that is perfectly round, giving a fine grip and having the proper resiliency when it comes in contact with the floor. It will wear longer than the ordinary leather-covered, and in addition there is no possibility that the lead dust will sift out; therefore it is always full weight. It has been thoroughly tested in the gymnasium of one of the greatest colleges in the country, and pronounced perfect by all who have had an opportunity to use it. The prices are: 16-lb., No. P, \$10; 12-lb., No. Q, \$9.

Since the revival of discus-throwing at the Olympic games at Athens in 1906, and which, by the way, was won by an American, Robert Garrett, of Princeton, the Spalding discus has been

Spalding Olympic Discus.

recognized as the official discus, and is used exclusively by Martin Sheridan, the hero of the Olympic games of 1906 at Athens, whose winnings contributed materially to the securing by the American team of the greatest number of points in the athletic events. The price of the discus is \$5. For the use of more youthful athletes, however, a discus similar to the official discus is made, with the exception that it is lighter in weight. This Spalding Youths' Discus, as it is called, has been endorsed by the Public Schools Athletic League, and costs \$4.

For the pole-vaulter, the greatest care is exercised in making Spalding poles, only the most perfect and thoroughly seasoned pieces of spruce being used, making them the only poles that

SPALDING'S ATHLETIC LIBRARY.

are really fit and safe for an athlete. The prices are as follows: No. 104, 16 feet long, each, \$7; No. 103, 14 feet long, \$6; No. 102, 12 feet long, \$5; No. 101, 10 feet long, \$4; No. 100, 8 feet long, \$3.

Spalding hollow spruce poles are considerably lighter than the solid poles, and the interior is filled with a special preparation

VAULTING STANDARD.
AND
POLES.

which greatly increases the strength and stiffness. The prices are: No. 204, 16 feet long, each, \$10; No. 203, 14 feet long, \$9.50; No. 202, 12 feet long, \$9; No. 201, 10 feet long, \$8.50; No. 200, 8 feet long, \$8.

In getting up the line of vaulting standards extreme care is taken to have the Spalding standards made carefully and well.

There is nothing flimsy about them, and the measurements are clearly and correctly marked, so as to avoid any misunderstanding or dispute. The best is No. 109, wooden uprights, graduated in quarter inches, adjustable to 13 feet, complete, \$15; No. 110, wooden uprights, inch graduations, adjustable to 10 feet, \$10; No. 111, wooden uprights, inch graduations, 7 feet high, \$9.00. Hickory crossbars, when purchased separately, cost \$3 per dozen.

There is one article that a contestant in a pole-vaulting event must have, and that is his own pole. There is a great deal in getting used to a pole and having confidence in the one that is yours, because no other contestant is allowed to use it, according to the rules, which is quite right, for it is a mistake for a pole-vaulter to allow another to use his pole, especially if the other man is heavier than the owner. Anyone can readily understand that a man who weighs 160 pounds cannot use a pole designed for a man weighing 115 pounds.

Foster's Safety Hurdle at the World's Fair, St. Louis.

At the Buffalo Exposition and at the Olympic games in St. Louis the Foster Patent Safety Hurdle, manufactured by Spalding, was used exclusively. This style can be used for either high or low hurdles. The frame is 2 feet 6 inches high, with a horizontal rod passing through it 2 feet above the ground. The hurdle is a wooden gate, 2 feet high, swinging on this rod at a point 6 inches from one of the sides and 18 inches from

the other. With the short side up it measures 2 feet 6 inches from the ground, and with the long side up, 3 feet 6 inches. The hurdle can be changed from one height to the other in a few seconds, and is held firmly in either position by a thumb-screw on the rod. The price of the Foster Safety Hurdle is \$3.50 each, and when purchased in sets of 40 hurdles, \$100 per set.

Lanes for Sprint Races.

In sprint races, wherever possible, each contestant should have his own lane. A complete set of Spalding lanes, with sufficient cord and stakes to lay out a 100-yards course, can be bought for \$15. The stakes are very strong and

made with pointed ends, and can be driven into very hard ground.

In laying out or rearranging grounds great care should be taken to see that the field sports can go on without interference, and in the management of a large meeting it is very essential that more than one field sport should go on at more than one time. Therefore it should be arranged to have the running broad jump, running high-jump and the circles for weight, throwing separated. In order to have your plant as perfect as possible it is necessary to have all the apparatus that is necessary, not only to conduct an athletic meet, but to give the different athletes an opportunity to practice the various sports.

Great care should be taken in the arrangement of the broad jump. The toe-board is a very important article, and is generally overlooked, and the runway requires as much attention as the track. At the average athletic grounds the jumping

Take-off Board.

Toe Board or Stop Board.

path is usually neglected. A regulation take-off board can be obtained from Spalding for \$3, and a toe-board or stop-board for \$3.50.

For the starter at an athletic meet Spalding has a very satisfactory and correct style of starter's pistol in a 32-caliber pistol, with 2-inch barrel and patent ejecting device, for \$6.00. Another necessary article is a whistle for announcing that everything is ready for a start and also for attracting the attention of the officials. Spalding has two very good styles of whistles, either of which costs 25 cents each. Cuts are shown herewith. It is well also to have several measuring tapes to measure broad jumps, shot puts, hammer and weight throwing. There

No. 1.

No. 2.

are a great many different styles of measuring tapes made, some plain, others in cases, but for general all-around use, as a really reliable measure, the special tapes which Spalding has made up are beyond any of the others. These steel tapes are furnished on patent electric reel, which allows the entire tape open to dry, and can be reeled and unreeled as easily as tapes in cases. It is especially adapted to lay off courses and long measurements, and accuracy is guaranteed. This style tape is furnished in two different lengths. No. 1B, 100 feet long, graduated every foot, and each end foot in inches, costs \$5 each. No. 11B, 200 feet long, graduated every foot, and each end foot in inches, costs \$7.50. The captain of the club should also provide himself with several balls of yarn for the finish.

A. G. Spalding & Bros.,
Gentlemen:—I have tested
the 16-pound hammer you made

sets less resistance from the

Foster's Patent Safety Hurdle

FOSTER'S SAFETY HURDLE AT THE WORLD'S FAIR, ST. LOUIS.

THE frame is 2 feet 6 inches high, with a horizontal rod passing through it 2 feet above the ground. The hurdle is a wooden gate 2 feet high, swinging on this rod at a point 6 inches from one of the sides and 18 inches from the other. With the short side up it measures 2 feet 6 inches from the ground, and with the long side up, 3 feet 6 inches. The hurdle can be changed from one height to the other in a few seconds, and is held firmly in either position by a thumb-screw on the rod. It would be hard to conceive any device more simple or more easily handled than this. The invention was used exclusively at the Olympic Games at St. Louis and has met with the approval of the best known physical directors and trainers of the country.

No. 110 Pupil's Glove

Showing Padding on Wrist and Forearm

Spalding Pupil's Boxing Glove

Acting on the suggestion of one of the most prominent athletic officials in this country, we decided recently to get up a boxing glove that would be an aid to the pupil learning to box. This glove is additionally padded on the forearm and over the wrist, to prevent that soreness which is one of the most discouraging features following a brisk lesson in the art of "blocking." The glove part is well padded with curled hair, the leather being best quality soft tan.

THE Spalding League Ball was first adopted by the National League in 1878, and is the only ball that has been used in Championship League Games since that time.

In the recent great World's Championship Games in Chicago between the Chicago Nationals and the Chicago Americans the Spalding League Ball was used.

IN addition to the different American adoptions, the Spalding Official League Ball has been made the official ball by the governing Base Ball Associations of Mexico, Cuba, Canada, Australia, South Africa, Great Britain, Philippine Islands, Japan, and, in fact, wherever Base Ball is played. The Spalding League Ball has received this universal adoption because of its well established reputation for uniformity and high quality, but the special object of such adoptions, from the players' standpoint, is to secure absolute uniformity in a ball, that will prevent unfair "jockeying" with an unknown ball, and make National and International Base Ball contests possible, and at the same time make the records of players of value, and uniform throughout the world, which can only be secured by standardizing one well known ball.

The Spalding Official League Ball is used by Yale, Harvard, Princeton and all prominent

college teams. The soldiers and sailors in the United States Army and Navy use it exclusively. In fact, the Spalding League Ball is in universal use wherever Base Ball is played.

Once in a while a minor league will experiment for a short time with some other ball, but invariably returns to the Spalding League Ball, which has now become universally recognized

Durand-Steel Lockers

WOODEN LOCKERS are objectionable because they attract vermin, absorb odors, can be easily broken into, and are dangerous on account of fire. Lockers made from wire mesh or expanded metal afford little security, as they can be easily entered with wire cutters. Clothes placed in them become covered with dust and the lockers themselves present a poor appearance, resembling animal cages.

Durand-Steel Lockers are made of high-grade steel plates, and are finished with gloss-black Furnace baked Japan (400°), comparable to that used on hospital ware, which will never flake off nor require refinishing, as do paints and enamels.

Durand-Steel Lockers are usually built with doors perforated full length in panel design, with sides and backs

solid. This prevents clothes in one locker from

coming in contact with wet garments in adjoining lockers, while plenty of ventilation is secured by having the door perforated its entire length, but if the purchaser prefers we perforate the backs also.

The cost of Durand-Steel Lockers is no more than that of first-class wooden lockers, and they last as long as the building, are sanitary, secure, and in addition, are fire-proof.

We are handling lockers as a special contract business, and shipment will in every case be made direct from the factory in Chicago. If you will let us know the number of lockers, size, and arrangement, we shall be glad to take up through correspondence the matter of prices.

Who are A. G. Spalding & Bros.?

Albert G. and J. Walter Spalding commenced business March 1st, 1876, at Chicago, under the firm name A. G. Spalding & Bro., with a capital of \$800. Two years later their brother-in-law, William T. Brown, came into the business, and the firm name was then changed to A. G. Spalding & Bros.

The business was founded on the Athletic reputation of Mr. A. G. Spalding, who acquired a national prominence in the realm of Sport, as Captain and Pitcher of the Forest City's of Rockford, Ill. (1865-70), the original Boston Base Ball Club (Champions of the United States, 1871-75), and the Chicago Ball Club (1876-77), first Champions of the National League. He was also one of the original organizers, and for many years a director, of the National League of America, the premier Base Ball organization of the world. Mr. Spalding has taken an important part in Base Ball affairs ever since it became the National Game of the United States at the close of the Civil War in 1865. The returning veterans of that War, who had played the game as a camp diversion, disseminated this new American field sport throughout the country, and thus gave it its national character.

Base Ball Goods were the only articles of merchandise carried the first year, the total sales amounting to \$11,000. Gradually implements and accessories of Athletic Sports were added, until the firm now manufacture the requisites for all kinds of Athletic Sports. Originally the firm contracted for their supplies from outside manufacturers, but finding it impossible, by this method, to keep the standard of quality up to their high ideals, they gradually commenced the manufacture of their own goods, and by the acquisition from time to time of various established factories located in different parts of the country, are now able to, and do manufacture in their own factories everything bearing the Spalding Trade-Mark, which stands the world over as a guarantee of the highest quality.
